Beside L.M.D Police Station, Ramakrishna Colony, Thimmapur, Karimnagar

(Approved by AICTE New Delhi & Affiliated to JNTU Hyderabad)

VISION AND MISSION OF THE CIVIL ENGINEERING

VISION:

Vision is to become school of excellence that brings out civil engineers with technical competencies and promotes high-end research to meet the current and future challenges. To establish an outstanding centre of regional for providing a quality engineering education to the students from the rural area, excellent research and services to the professional and the community, to produce quality, employee principles of continual quality improvement to enhance its programme and faculty

MISSION:

Striving to be centre of excellence in civil engineering education to provide students the latest learning techniques and a complete knowledgebase for sustainable development of society. To be an outstanding devoted to provide high end research and technical education which will produce socially aware professionals to provide solutions to global community.

Provide value based technical education and empower the students to become competent professionals, preparing them for entry-level positions in department ,life-long learning,and societal leadership. Allied with both the school of engineering and the college's mission. The department is dedicated ti providing a dynamic learning environment that emphasizes open ended design,problem-solving skills,team work,communication, and leadership skills.

To Accomplish the Mission:

1. An exceptional curriculum including in depth coverage in technical sub-disciplines of the department.
2. Engages the students in creating innovative design solutions that include realistic constraints such as economic, environmental,social,health & safety.
3. To train the students in a manner that they can pursue higher studies so that they can contribute to the teaching profession and development of civil engineering and other allied fields.
4. The multicultural and multi-disciplinary groups for sustainable development and growth.

VISION AND MISSION OF THE ELECTRICAL AND ELECTRONICS ENGINEERING

VISION:

Excellence in quality education by keeping pace with the rapidly changing technologies and to create a highly innovative and research oriented man power meeting the global standards in the field of Electrical and Electronics Engineering.

MISSION:

To create an excellent academic environment where a strong theoretical knowledge and practical skills can be imparted. Further, the graduates will also be trained in interpersonal communication skills and teamwork along with an emphasis on ethics and morals for the sustainable development of the society.

VISION AND MISSION OF THE MECHANICAL ENGINEERING

VISION:

To evolve as a center of excellence in establishment of global leadership quality in the mechanical engineering field to meet the global challenges..

MISSION:

- To incorporate teaching and research for effective curriculum including of knowledge abilities and skills.
- To improve, enhance and engages the students in creating innovative solutions to meet industrialization needs.
- To promote quality and expertise students in an academic and professional pursuits of education
- To establish multicultural and multi-disciplinary culture of hard work in leadership and development.

VISION AND MISSION OF THE ELECTRONICS AND COMMUNICATION ENGINEERING

VISION:

To emerge as a leading centre for students and faculty in their pursuits of professional excellence in the fields of Electronics and Communication Engineering by making use of current Scientific and Technological advancements, with focus on human values, professional ethics and social responsibility

MISSION:

- * Training students in the basic core and application oriented subjects of Electronics and Communication engineering with due focus on multi disciplinary areas.
- * Establishing liaison with relevant industries, R&D organizations and renowned academia for exposure to practical R&D aspects of technology.
- * Inculcating team work, leadership, professional ethics and other skills such as effective communication, logical reasoning, career goal setting, liberal use of modern tools, and familiarity with IPR to make students globally competent in employment as well as entrepreneurship.
- * Promoting scientific temper and research culture in the graduates towards lifelong learning to produce useful research outcomes.

VISION AND MISSION OF THE COMPUTER SCIENCE AND ENGINEERING

VISION:

To acknowledge quality education and instill high patterns of discipline making the students technologically superior and ethically strong which involves the improvement in the quality of life in human race.

MISSION:

- To prepare Computer Science and Engineering graduates to be a lifelong learner with competence in basic science & engineering and professional core, multidisciplinary areas, with continuous update of the syllabus, so that they can succeed in industry as an individual and as a team or to pursue higher studies or to become an entrepreneur.
- To enable the graduates to use modern tools, design and create novelty based products required for the society and communicate effectively with professional ethics.
- To achieve and impart holistic technical education using the best of infrastructure, outstanding technical and teaching expertise to establish the students into competent and confident engineers

VISION AND MISSION OF THE MCA

VISION:

To achieve professional excellence through high quality innovative teaching and training in computer applications for the development of students who can excel in the present future competitive profession according to the changing needs of the companies with high degree of integrity and ethical standards. The students with a good knowledge in computer applications are having opportunities which are almost endless in the IT industry. In this age of IT revolution, the MCA professionals can look forward for a bright future.

MISSION:

To provide high quality education in the field of computer applications and there by create computer professionals with proper leadership skills, commitment and moral values. Encourage faculty to have continuous progress in their teaching skills and self-development.
