A Sports League is a professional body that oversees its teams' participation. This establishes the guidelines for behavior and competitiveness, and they discipline their members as needed. This is accomplished using a framework that differs depending on the league. Students who participate in sports grow both physically and mentally. Students must engage in regular physical activity since it not only keeps them healthy but also helps them become more emotionally fit. Hence, the students can able to concentrate on their academic work efficiently.

To boost self-esteem, mental acuity, and confidence, students must participate in school athletics. Sports are crucial in colleges because they assist students to learn a variety of abilities like leadership, perseverance, teamwork, and social skills.

In this view, the institute's Sports & Games committee organizes the Sports League once every academic year for all the B. Tech students to motivate students in all aspects beyond the regular academic work.
