SREE VAAGESWARI EDUCATIONAL SOCIETY  
**VAAGESWARI COLLEGE OF ENGINEERING**

(Affiliated to JNTUH, Hyderabad.)

(Approved by AICTE New Delhi & Recognised by the Govt. of Telangana State)

Date: 31/10/2018

To  
The Principal,  
Vaageswari College of Engineering,  
Karimnagar.

**Subject:** Request Proposal to Conduct Five day FDP on "**Smart solutions in Civil Engineering**"-Reg.

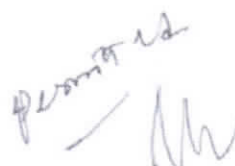

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Civil Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on "**Smart solutions in Civil Engineering**" during **12-11-2018 to 16-11-2018**. I also request you to provide all the required facilities.

Thanking You,

Yours Sincerely

  
HOD-Civil Engg.

  
Principal  
Vaageswari College of Engineering  
Karimnagar-505 527

  
Principal  
Vaageswari College of Engineering  
KARIMNAGAR-505 527.

(Affiliated to JNTUH, Hyderabad.)  
(Approved by AICTE New Delhi & Recognised by the Govt. of Telangana State)

**CIRCULAR**

Date: 03-11-2018

It is hereby informed to **Department of Civil Engineering** that a five-day Faculty Development Program (FDP) will be held on "**Smart solutions in Civil Engineering**" from **12th to 16th Nov 2018**. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

  
**PRINCIPAL**

**Copies to:**

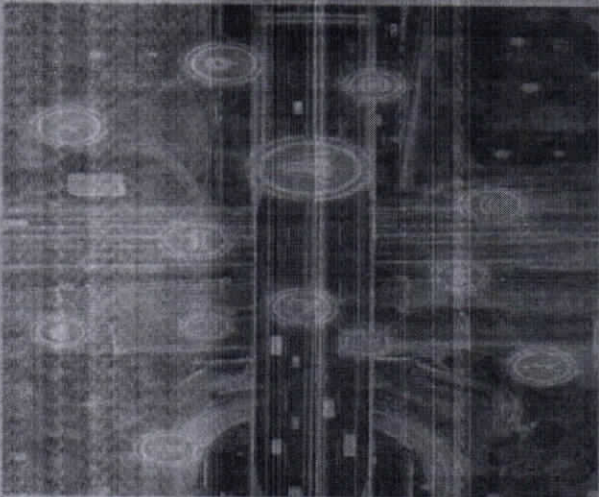

- Circulate among all the staff members
- All the Notice Boards
- All HODs for information
- Office File

**SPEAKER PROFILES**

**Ms.G.Rupa**, Assistant Professor

**Ms. G. Rupa** completed her M.Tech from Jawaharlal Nehru Technological University. Currently she is working as an Assistant Professor at Vaageswari College of Engineering. Her area of interest structural engineering

**Mr.P. Praveen Chary**, Assistant Professor

**Mr.P. Praveen Chary** completed his M.Tech from Jawaharlal Nehru Technological University, Hyderabad. Currently he is working as an Assistant Professor at Kamala Institute of Technology & Science. His research interests include Earthquake Resistant Design of Reinforced Concrete Structures.

**Mr. E. Rakesh Reddy**, Assistant Professor

**Mr. E. Rakesh Reddy** completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Assistant Professor at Mallareddy Engineering College, Hyderabad. His research interests include Steel and Reinforced Cement Concrete Structures.

**Mr.E. Venu**, Assistant Professor

**Mr.E. Venu** completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Assistant Professor at Vaageswari College of Engineering. His area of interest structural engineering, traffic engineering and hydrology

**Mr.Shaik Moiz**, Assistant Professor.

**Mr.Shaik Moiz** completed his M.Tech from Jawaharlal Nehru Technological University, Hyderabad. Currently he is working as an Assistant Professor at Sree Chaitanya Institute of Technological Sciences. His area of interests includes design of earthquake resistant buildings.

A Five-Day Faculty Development Program  
**SMART SOLUTIONS IN CIVIL ENGINEERING**  
(12<sup>th</sup> to 16<sup>th</sup> Nov 2018)

**REPORT**

A five Day Faculty Development Program on "Smart solutions in Civil Engineering" was organized by Department of Civil Engineering, Vaageswari college of Engineering from (12/11/2018 to 16/11/2018) for the faculty of civil Department. Most of the faculty members of the Department actively participated and gained useful information from all the sessions.

The program is designed to various solutions in the field of construction. The program provided facility to acquire good knowledge about smart solution to select alternate building materials for Seismic distressed structures.

**Outcomes of the Faculty Development Program:**

1. The participants gained good experience in design and usage of Reinforcement in structures.
2. The participants also acquired enough knowledge Refurbishment of structures.
3. The participants gained experience in finding air qualities with IOT and adaptation to climate change.

**CIRCULAR**

It is hereby informed to Department of Electronics and Communication Engineering that a three day Faculty Development Program will be held on "**Recent Trends in Microwave and Antenna Technology**" from 02<sup>nd</sup> to 06<sup>th</sup> July 2018. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

#### **FDP CONTENT:**

The program intends to present the methodology for the design and development of the components at Microwave and Millimeter Wave Frequencies. It attempts to provide a timely update on latest trends, technologies and tools in RF and Microwave domain. The curriculum will present the techniques for design, modelling and fabrication of different types of basic antennas. It aims to provide a platform to the participant to grab knowledge in the field of Applied Electromagnetics in various applications and about the emerging technology of Microwave integrated circuits. The program will include the various aspects of microstrip antennas and the state of the art developments that have taken place in the recent-time. It opens up opportunity to highlight the design consideration and application of the reconfigurable antennas in the realm of wireless communication. The course will address the issues like EMI/EMC and the measurement of the radiated electromagnetic field quantities to ensure the satisfactory performances of the electrical or electronic equipment's in Electromagnetic Environment.

- Microwave devices
- Microwave circuits and Metamaterials
- Millimeter waves
- sub millimeter-waves
- technologies Micro strip antennas
- Smart Antenna and MIMO antenna
- Antenna arrays, reconfigurable antennas
- Radar, imaging, sensing and localization
- Ultra-wideband techniques
- Applications EMI/EMC

#### ABOUT THE INSTITUTE:

Established in 2003, is one of the most prestigious society providing high quality professional education in Karimnagar district Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The institution is awarded with Best Chapter of ISTE AP Section.

#### VISION:

"To develop the SreeVaageswari Educational Society into a center of excellence in imparting professional and technical education, to inculcate knowledge and power to the younger generation by providing high quality professional education on par with global standards and to instill high levels of discipline among student community making them ethically strong citizens capable of contributing to the development of society and mankind".

#### PROGRAMS OFFERED:

The college offers B.Tech. programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCAMBA and M.Tech. in Computer Science and Engineering.

#### ABOUT THE DEPARTMENT:

The department of Electronics and Communication Engineering (ECE) was started in 2005 with an intake of 60 and in a short span of time the intake increased to 180. The department has got M.Tech in ECE with an intake of 36 during this academic year (2010-11).

The department comprises of well experienced and dedicated faculty with vast experience in teaching. The faculty members have been meticulously and judiciously picked up to impart quality education and inculcate all-round development in the students. The department has well established labs with state of art hardware equipments and advanced softwares.

The department is run by well qualified and experienced faculty under the able guidance and leadership of Mr. D Sampath Kumar, HOD, ECE.

Consequently, the administration is trying to play the role of resources and technical leadership in development activities at the national level.

The department also seeks to provide its students with excellent educational and educational opportunities in the field of electronics and communications engineering, thus providing a lasting technical basis in an environment of rapid technical change. In the process, it enables and promotes their professional growth through contact with best professional practices. Consequently, the administration is trying to play the role of resources and technical leadership in development activities at the national level.

Department of Electronics and Communication Engineering  
Five day Faculty Development Program on  
**RECENT TRENDS IN MICROWAVE AND ANTENNA  
TECHNOLOGY**  
(02<sup>nd</sup> to 06<sup>th</sup> July 2018)

**REPORT**

A five Day Faculty Development Program on "Recent Trends in Microwave and Antenna Technology" was organized by Department of Electronics and Communication Engineering, Vaageswari college of Engineering from 02<sup>nd</sup> to 06<sup>th</sup> July 2018 for the faculty of ECE Department. Several faculty members of the Department actively participated and gained useful information from all the sessions.

The program intended to present the methodology for the design and development of the components at Microwave and Millimeter Wave Frequencies. The program included various aspects of microstrip antennas and the state of the art developments that have taken place in the recent time. It opens up opportunity to highlight the design consideration and application of the reconfigurable antennas in the realm of wireless communication. The course addressed the issues like EMI/EMC and the measurement of the radiated electromagnetic field quantities to ensure the satisfactory performances of the electrical or electronic equipment's in Electromagnetic Environment.

**Subject:** Request Proposal to Conduct Five day FDP on "**Advanced Technologies in Power Engineering**"-Reg.

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Electrical and Electronics Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on "**Advanced Technologies in Power Engineering**" during **26-07-2018 to 30-07-2018**. I also request you to provide all the required facilities.

Thanking You.

Yours Sincerely

HOD, Dept. of EEE.

**CIRCULAR**

Date: 16-07-2018

It is hereby informed to **Department of Electrical and Electronics Engineering** that a five-day Faculty Development Program will be held on “Advanced Technologies in Power Engineering” from 26<sup>th</sup> to 30<sup>th</sup> July 2018. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

#### WORKSHOP CONTENT:

Modernization of Power Systems is taking place in multiple facets like power system protection, renewable energy generation and its integration, energy storage, energy management, etc. The advanced Power System is made of grids / microgrids having their own generation and storage systems and involving modern loads like Electric Vehicles and Smart Homes. Different energy management techniques are being evolved to handle these modern loads. Other than management of loads, for secure working of such a system the protection methods are being evolved with varied objectives of protecting grids. Also with the advent of smart grids, new technological requirements have emerged like communication methods in smart grids and other applications like, Blockchain, Big Data, ANFIS, etc.

#### COURSE CONTENT:

- Integration of Generation from Renewable Energy Sources with Grid.
- Power Electronics for Renewable Power Source Integration
- Microgrid Modeling and Control Issues
- Modern Power System Protection Techniques
- Smart Home Energy Management Systems
- Power System Applications using ANFIS
- EV Charging Station Energy Management
- Energy Storage Systems
- Study of Data Attacks on Power System
- Advanced Communications for Smart Grid
- Blockchain Technologies
- Big-Data Technologies

## FIVE-DAY FACULTY DEVELOPMENT PROGRAM ON ADVANCED TECHNOLOGIES IN POWER ENGINEERING

Organized by

Department of Electrical and Electronics  
Engineering

VAAGESWARI COLLEGE OF  
ENGINEERING

Karimnagar, Telangana- India

26<sup>th</sup> to 30<sup>th</sup> July, 2018

\*\*\*\*\*

#### ABOUT THE INSTITUTE:

Established in 2003, Vaageswari Educational Society is one of the most prestigious society providing high quality professional education in Karimnagar district of Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The Institution is awarded with Best Chapter of ISTE AP Section.

#### VISION

Excellence in quality education by keeping pace with the rapidly changing technologies and to create a highly innovative and research oriented man power meeting the global standards in the field of Electrical and Electronics Engineering.

#### MISSION

To create an excellent academic environment where a strong theoretical knowledge and practical skills can be imparted. Further, the graduates will also be trained in interpersonal communication skills and teamwork along with an emphasis on ethics and morals for the sustainable development of the society.

#### PROGRAMS OFFERED:

The college offers B.Tech programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA and M.Tech in Computer Science and Engineering.

#### ABOUT THE DEPARTMENT:

Electrical & Electronics Engineering started in 2005. The Department is bestowed with highly qualified and experienced faculty out of which 2 have completed their Ph.D. The Department offers UG programme in EEE with an objective of imparting quality education in the Electrical and Electronics Engineering and one PG programme in Power Electronics. The Department has well equipped labs with latest simulation & design software. The Department is enriched with PE, PS Labs and R&D. The Department initiated power Club in 2005.

The department is actively engaged in research. The efforts are directed towards reorienting the laboratories to establish close relation with industry. The department has been organizing short term training programs, seminars, workshops, guest lectures by experts, technical & non-technical student fests regularly. The department is working for the improvement of Industry - Institute Interaction in terms of academics & research and also for the development of infrastructure to match the needs of the industry. The department is striving hard to attain & sustain as a centre of excellence in Electrical engineering education & research with a holistic approach.

The faculty strives to foster and encourage a teaching methodology that is both practical and theoretical in approach tuning to the requirements of the latest developments in research and industry in the field of Electrical and Electronics Engineering.

Further, the graduates will also be trained in interpersonal communication skills and teamwork along with an emphasis on ethics and morals for the sustainable development of the society.

**SCHEDULE**

Date	Morning Session (10.00 AM -12.30 AM)	Afternoon Session (1.30PM-4.00 PM)	Resource Person
26-07-2018	Inauguration (10.00AM to 11.00AM) Renewable Energy Sources	Integration of Generation from Renewable Energy Sources with Grid	Dr. M. Manikandan Professor, Jyothishmathi Institute of Technology and Science.
27-07-2018	Modern Power System Protection Techniques	Smart Home Energy Management Systems	Mr. V. Anil, Assistant Professor, Department of EEE.
28-07-2018	Study of Data Attacks on Power System	Advanced Communications for Smart Grid	Mr. P. Odelu yadav, Associate. Professor, Sree Chaitanya College of Engineering.
29-07-2018	Blockchain Technologies	Blockchain Technologies	Mr. K. Prabhakar, Assistant. Professor, Department of EEE.
30-07-2018	Big-Data Technologies	Big-Data Technologies (Contd.) <b>Feedback &amp; Valedictory</b> (03.00PM to 04.00PM)	Dr.M. Arun Raja, Professor, Jayamukhi Institute of Technological Sciences .

To,  
Dr. M. Manikandan,  
Professor,  
Department of Electrical and Electronics Engineering,  
Jyothishmathi Institute of Technology and Science,  
Karimnagar- 505481.

**Sub:** Invitation to be a resource person for Five Day Faculty Development Program on  
“**Advanced Technologies in Power Engineering**”-regarding.

Dear Sir,

On behalf of Vaageswari College of Engineering, I cordially invite you to deliver a lecture on **Advanced Technologies in Power Engineering** which will be held from 26<sup>th</sup> to 30<sup>th</sup> July 2018. I would be thankful if you share your expertise on the topic with our faculty.

I will be eagerly looking forward to hear from you and hope that you would accept our invitation for the event.

(26/07/2018 to 30/07/2018)

**SPEAKER PROFILES**

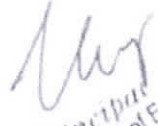

**Dr. M. Manikandan**, completed his Ph.d from Jawaharlal Nehru Technological University. Currently he is working as Professor at Jyothishmathi Institute of Technology and Science. His research interests include Energy Storage Systems.

**Mr. V.Anil**, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Associate Professor at Vaageswari College of Engineering. His research interests include Power Electronics for Renewable Power Source Integration.

**Mr. K. Prabhakar**, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Associate Professor at Vaageswari College of Engineering. His research interests include Control Systems and Design.

**Mr.P. Odelu yadav**, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as Professor at Sree Chaitanya College of Engineering. His research interests include Power Energy Storage.

**Dr.M. Arun Raja**, completed his Ph.d from Jawaharlal Nehru Technological University. Currently he is working as Professor at Jayamukhi Institute of Technological Sciences. His research interests include Control Systems.

Five-Day Faculty Development Program on

**ADVANCED TECHNOLOGIES IN POWER ENGINEERING**

(26/07/2018 to 30/07/2018)

**REPORT**

A five Day Faculty Development Program on “Advanced Technologies in Power Engineering” was organized by Department of Electrical and Electronics Engineering, Vaageswari college of Engineering from 26<sup>th</sup> to 30<sup>th</sup> July 2018 for the faculty of EEE Department. Several faculty members of the Department actively participated and gained useful information from all the sessions.

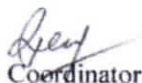

The faculty development program on advanced Power System is made of grids / microgrids having their own generation and storage systems and involving modern loads like Electric Vehicles and Smart Homes.

Also with the advent of smart grids, new technological requirements have emerged like communication methods in smart grids and other applications like, Blockchain, Big Data, ANFIS, etc.

It creates the common platform that industry represents, experts, faculty and researchers to interact and update their knowledge.

**Outcomes of the Faculty Development Program:**

1. The participants gained knowledge in environment of modern power systems.
2. The participants can enhance skills in smart grid communication, protection and storage technologies..
3. The participants gain experience with usage of Python software applications.

#### ABOUT THE INSTITUTE:

Established in 2003, Vaageswari Educational Society is one of the most prestigious society providing high quality professional education in Karimnagar district of Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The institution is awarded with Best Chapter of ISTE AP Section.

#### VISION:

"To develop the Sree Vaageswari Educational Society into a center of excellence in imparting professional and technical education, to inculcate knowledge and power to the younger generation by providing high quality professional education on par with global standards and to instill high levels of discipline among student community making them ethically strong citizens capable of contributing to the development of society and mankind".

#### PROGRAMS OFFERED:

The college offers B.Tech programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA and M.Tech in Computer Science and Engineering.

#### ABOUT THE DEPARTMENT:

The Department of Humanities and Science was established in the year 2005. Our department provides an encouraging environment to develop the intellectual capacity, critical thinking, creativity, and problem solving ability of the students. It always keen to offer students an academic experience of thinking, learning, doing and extends support for aptitude training and communication skills to make students ready for modern job scenario and we organize Motivational and Personality Development classes by inviting eminent. The committed faculties in the department are well-known for their intellectual vitality, creativity and dedicate themselves to the highest levels of excellence in the cultivation of learning and the creation of knowledge across a broad spectrum of disciplines like English, Mathematics, Physics, Chemistry, and Environmental Sciences. ELCS plays a significant role in enhancing the skills of engineering students. The infrastructural facilities provided in addition to the teacher resources to enhance the skills among the students at the foundation level of engineering first year sure to prepare them compatible for 'industry ready'. The Department of Physics for Newcomers Engineering is to prepare dynamic professionals for innovation and to awaken their hidden talents in basic sciences, with the resources required to be successful during the first year of engineering on the campus. The department is well-equipped with laboratory facilities for Applied Physics and Engineering Physics subjects and supported by well qualified, highly dedicated faculty with utmost level of proficiency. The Chemistry department serves the purpose of imparting knowledge in the core science subject, along with innovative ideas to achieve their goals keeping concern about the present environmental needs which is a fundamental building block for most engineering disciplines. The faculty has contributed many research papers which are published in distinguished international and national journals.

**REPORT**

A five Day Faculty Development Program on "BODHANA-2" was organized by Department of Humanities and Sciences, Vaageswari College of Engineering from 05<sup>th</sup> to 09<sup>th</sup> July 2017 for the faculty of all Departments. Several faculty members from various Departments actively participated and gained useful information from all the sessions.

The program is designed to enhance skills on mechanism of writing, reading skills, listening skills, creativity. The program provided an opportunity to acquire knowledge about mechanism of writing, reading skills, listening skills, ways of creativity solving problem professionally with creativity. The program mainly focused on practical approach of how multiple skills are required for performing various tasks professionally.

**Outcomes of the Faculty Development Program:**

1. The participants gained hands-on experience of how to make written communication success and techniques to follow in writing.
2. The participants also gained knowledge on reading skills, reading of various texts and documents.
3. The participants gained experience in listening skills, ways of solving problems creatively.

#### ABOUT THE INSTITUTE:

Established in 2003, Vaageswari Educational Society is one of the most prestigious society providing high quality professional education in Karimnagar district of Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The institution is awarded with Best Chapter of ISTE AP Section.

#### VISION:

"To develop the Sree Vaageswari Educational Society into a center of excellence in imparting professional and technical education, to inculcate knowledge and power to the younger generation by providing high quality professional education on par with global standards and to instill high levels of discipline among student community making them ethically strong citizens capable of contributing to the development of society and mankind".

#### PROGRAMS OFFERED:

The college offers B.Tech programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA and M.Tech in Computer Science and Engineering.

#### ABOUT THE DEPARTMENT:

The Department of Humanities and Science was established in the year 2005. Our department provides an encouraging environment to develop the intellectual capacity, critical thinking, creativity, and problem solving ability of the students. It always keen to offer students an academic experience of thinking, learning, doing and extends support for aptitude training and communication skills to make students ready for modern job scenario and we organize Motivational and Personality Development classes by inviting eminent. The committed faculties in the department are well-known for their intellectual vitality, creativity and dedicate themselves to the highest levels of excellence in the cultivation of learning and the creation of knowledge across a broad spectrum of disciplines like English, Mathematics, Physics, Chemistry, and Environmental Sciences. ELCES plays a significant role in enhancing the skills of engineering students. The infrastructural facilities provided in addition to the teacher resources to enhance the skills among the students at the foundation level of engineering first year sure to prepare them compatible for 'industry ready'. The Department of Physics for Newcomers Engineering is to prepare dynamic professionals for innovation and to awaken their hidden talents in basic sciences, with the resources required to be successful during the first year of engineering on the campus. The department is well-equipped with laboratory facilities for Applied Physics and Engineering Physics subjects and supported by well qualified, highly dedicated faculty with utmost level of proficiency. The Chemistry department serves the purpose of imparting knowledge in the core science subject, along with innovative ideas to achieve their goals keeping concern about the present environmental needs which is a fundamental building block for most engineering disciplines. The faculty has contributed many research papers which are published in distinguished international and national conferences.

**INVITATION LETTER**

To,

Mr Ollala Srinivas,

Assistant Professor

Department of Humanities & Sciences,

Sree Chaitanya College of Engineering,

LMD Colony, Thimmapur,

Karimnagar-505527.

**Sub:** Invitation to be a resource person for five day Professional Development Program on  
"SKILL ENHANCEMENT AND EMPLOYEE DEVELOPMENT"-regarding.

Dear Sir,

On behalf of Vaageswari College of Engineering, I cordially invite you to deliver a lecture on "SKILL ENHANCEMENT AND EMPLOYEE DEVELOPMENT" which will be held from 04<sup>th</sup> to 08<sup>th</sup> September, 2018. I would be thankful if you share your expertise on the topic with our faculty.

I will be eagerly looking forward to hear from you and hope that you would accept our invitation for the event.

*Acknowledged & Accepted*  
*O. Srinivas*

Department of Humanities and Sciences  
A Five-Day Professional Development Program on  
**SKILL ENHANCEMENT AND EMPLOYEE DEVELOPMENT**  
(04/09/2018 to 08/09/2018)

**REPORT**

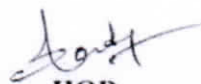

A five Day Professional Development Program on "SKILL ENHANCEMENT AND EMPLOYEE DEVELOPMENT" was organized by Department of Humanities and Sciences, Vaageswari College of Engineering from 04<sup>th</sup> to 08<sup>th</sup> September 2018 for the non-teaching staff of all Departments. Several non-teaching staff from various Departments actively participated and gained useful information from all the sessions.

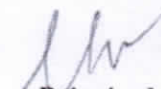

The program is designed to enhance writing skills likes document writing and e-mail writing; mechanism of writing; oral communication skills. The program provided an opportunity to improve vocabulary. The program mainly focused on practical approach of how listening skills are required for performing various tasks professionally.

**Outcomes of the Faculty Development Program:**

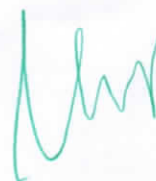

1. The participants gained hands-on experience of how to make written communication success and techniques to follow in writing.
2. The participants also gained knowledge on reading skills, reading of various texts and documents.
3. The participants gained experience in listening skills, ways of solving problems creatively.

**Subject:** Request Proposal to Conduct Five day FDP on "**RECENT TRENDS  
IN WIRELESS COMMUNICATION WITH 5G NETWORK**"-Reg.

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Electronics and Communication Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on "**RECENT TRENDS IN WIRELESS COMMUNICATION WITH 5G NETWORK**" during **10-12-2018 to 14-12-2018**. I also request you to provide all the required facilities.

Thanking You,

Yours Sincerely

*Nay*

**CIRCULAR**

Date: 03-12-2018

It is hereby informed to **Department of Electronics and Communication Engineering** that a five day Faculty Development Program will be held on **"RECENT TRENDS IN WIRELESS COMMUNICATION WITH 5G NETWORK"** from 10<sup>th</sup> to 14<sup>th</sup> Dec 2018. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

#### **WORKSHOP CONTENT:**

The fifth generation (5G) wireless connectivity is expected to offer high speed, enriched capacity, lower latency, ultra-high reliability and the ability to connect massive number of connections, namely, Internet of Things (IoT), Machine to Machine (M2M) and Device to Device (D2D) devices. In addition to offering faster speeds and other consumer benefits, 5G is seen as crucial to advanced technologies like vehicle type applications, IoT and virtual reality and augmented reality that demand high speed and bandwidth. In addition, the industry has made plans for next generation of technology, sixth generation (6G) at frequencies from 100 GHz to 1 THz and offer speeds up to 100 Gbps with very low latency. According to the researchers, 5G/6G devices will be able to handle hundreds or even thousands of simultaneous connections that should offer more capacity with lower power requirements.

Channel Models for Wireless Communication  
Diversity & Combining Techniques, Performance Trade-off  
5G/6G Wireless Communication Systems and Research Challenges  
Transmission Technologies for 5G and B5G Wireless Communications  
Evolution of Cellular Wireless, Communication Standards 1G - 5G  
Device-to-Device (D2D) Communications  
Spectrum Sensing and Cognitive Radio  
Resource Allocation for Wireless Communications  
Estimation Techniques for Wireless Receiver Design  
Machine Learning Application for 5Gmm wave Networks

KARIMNAGAR-505 005

#### ABOUT THE INSTITUTE:

Established in 2003, Vaageswari Educational Society is one of the most prestigious society providing high quality professional education in Karimnagar district of Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The institution is awarded with Best Chapter of ISTE AP Section.

#### VISION:

"To develop the Sree Vaageswari Educational Society into a center of excellence in imparting professional and technical education, to inculcate knowledge and power to the younger generation by providing high quality professional education on par with global standards and to instill high levels of discipline among student community making them ethically strong citizens capable of contributing to the development of society and mankind."

#### PROGRAMS OFFERED:

The college offers B.Tech programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA and M.Tech in Computer Science and Engineering.

#### ABOUT THE DEPARTMENT:

The department of Electronics and Communication Engineering (ECE) was started in 2005 with an intake of 60 and in a short span of time the intake increased to 180.

The department comprises of well experienced and dedicated faculty with vast experience in teaching. The faculty members have been meticulously and judiciously picked up to impart quality education and inculcated all-round development in the Students. The department has well established labs with state of art hardware equipments and advanced software's.

The Department's main objective is not only make the students excel in theory but also in experimental research through academic projects in various fields. The Department regularly organizes several programs such as workshops, guest lectures, seminars etc. to impart state of art knowledge in different technologies to the students as well as faculty members. Department is dedicated to advancing, disseminating and exploiting knowledge in engineering and technology. The department offers a four-year course a Bachelor's degree in Electronics and Communication Engineering. Department has the most advanced art of advanced equipment in the laboratory. All employees can reach students for any of their problems, whether academic or non-academic. The department aims to technically develop students and make them mentally strong to meet future challenges.

The department also seeks to provide its students with excellent educational and educational opportunities in the field of electronics and communications engineering, thus providing a lasting technical basis in an environment of rapid technical change. In the process, it enables and promotes their professional growth through contact with best professional practices. Consequently, the administration is trying to play the role of resources and technical leadership in development activities at the national level.

#### REGISTRATION FORM:

Please fill this form and send it to us by email to [s4.ecehod@gmail.com](mailto:s4.ecehod@gmail.com) before 08<sup>th</sup> Dec 2018

Five-Day Faculty Development Program on

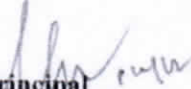

**RECENT TRENDS IN WIRELESS COMMUNICATION WITH 5G NETWORK**  
(10/12/2018 to 14/12/2018)

**SCHEDULE**

Date	Morning Session (10.00 AM -12.30 AM)	Afternoon Session (1.30PM-4.00 PM)	Resource Person
10/12/2018	<b>Inauguration</b> (10.00AM to 11.00AM) Introduction to 5G Networks	Diversity & Combining Techniques, Performance Trade-off	Dr. Hemant Kumar Gupta Associate Professor, Department of ECE. Vaagdevi College of Engineering
11/12/2018	Channel Models for Wireless Communication	5G/6G Wireless Communication Systems and Research Challenges	Mr.A.Venkata Reddy, Associate Professor, Department of ECE. Vaageswari College of Engineering
12/12/2018	Transmission Technologies for 5G and B5G Wireless Communications Evolution of Cellular Wireless Communication Standards 1G – 5G	Device-to-Device (D2D) Communications Spectrum Sensing and Cognitive Radio	Dr. V. Sudheer Raja, Assistant. Professor, Department of ECE. Vaagdevi College of Engineering
13/12/2018	Resource Allocation for Wireless Communications	Estimation Techniques for Wireless Receiver Design	Mrs.K.Jyothsna, Assistant. Professor, Department of ECE. Vaageswari College of Engineering
14/12/2018	Machine Learning Application for 5Gmm wave Networks	Machine Learning Application for 5Gmm wave Networks (Contd.) <b>Feedback and Valedictory</b> (03.00PM to 04.00PM)	Dr.S.Sunil, Assistant Professor, Department of ECE. Jayamukhi Institute of Technological Sciences

**INVITATION LETTER**

To,

Dr.S.Sunil,

Assistant Professor,

Department of Electronics and Communication Engineering,

Jayamukhi Institute of Technological Sciences,

Warangal-506332.

**Sub:** Invitation to be a resource person for five day Faculty Development Program on "**Recent Trends in Wireless Communication with 5G Network**"-regarding.

Dear Sir,

On behalf of Vaageswari College of Engineering, I cordially invite you to deliver a lecture on **Recent Trends in Wireless Communication with 5G Network** which will be held from 10<sup>th</sup> to 14<sup>th</sup> December 2018. I would be thankful if you share your expertise on the topic with our faculty.

I will be eagerly looking forward to hear from you and hope that you would accept our invitation for the event.

*Accepted and acknowledged

**SPEAKER PROFILES**

**Dr. Hemant Kumar Gupta**, completed his Ph.D from Banasthali Vidyapith. Currently he is working as an Associate Professor at Vaagdevi College of Engineering, Warangal. His research interests include Analog IC Design.

**Dr. V. Sudheer Raja**, completed his Ph.D from Vellore Institute of Technology. Currently he is working as an Associate Professor at Vaagdevi College of Engineering, Warangal. His research interests include Networked Control Systems.

**Dr. S. Sunil**, completed his Ph.D from Jawaharlal Nehru Technological University. Currently he is working as an Assistant Professor at Jayamukhi Institute of Technological Sciences, Warangal. His research interests include Wireless Sensor Networks.

**Mr. A.Venkat Reddy**, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Associate Professor at Vaageswari College of Engineering. His research interests include Wireless communications.

**Mrs. K.Jyothsna**, completed her M.Tech from Jawaharlal Nehru Technological University. Currently she is working as an Assistant Professor at Vaageswari College of Engineering. Her research interests include Communications Systems.

Five-Day Faculty Development Program on  
**RECENT TRENDS IN WIRELESS COMMUNICATION  
WITH 5G NETWORK**  
(10/12/2018 to 14/12/2018)

**REPORT**

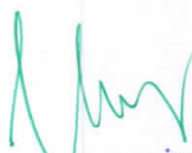

A five Day Faculty Development Program on “**RECENT TRENDS IN WIRELESS COMMUNICATION WITH 5G NETWORKS**” was organized by Department of Electronics and Communication Engineering, Vaageswari college of Engineering from **10<sup>th</sup> to 14<sup>th</sup> Dec, 2018** for the faculty of ECE Department. Several faculty members of the Department actively participated and gained useful information from all the sessions.

The program is designed the fifth generation (5G) wireless connectivity is expected to offer high speed, enriched capacity, lower latency, ultra-high reliability and the ability to connect massive number of connections, namely, Internet of Things (IoT), Machine to Machine (M2M) and Device to Device (D2D) devices. In addition to offering faster speeds and other consumer benefits, 5G is seen as crucial to advanced technologies like vehicle type applications, IoT and virtual reality and augmented reality that demand high speed and bandwidth. In addition, the industry has made plans for next generation of technology, sixth generation (6G) at frequencies from 100 GHz to 1 THz and offer speeds up to 100 Gbps with very low latency. According to the researchers, 5G/6G devices will be able to handle hundreds or even thousands of simultaneous connections that should offer more capacity with lower power requirements.

This FDP aims at providing a forum for members of the academic community, to interact on cutting-edge and ground breaking topics in **Concepts in design and construction of Railway Bridge** objectives:

- To promote and foster Concepts in design and construction of Railway Bridge, Technology and Applications in the civil Engineering, and to develop core generic technologies, tools and elevations for wider applications in civil Public & Private Organizations.
- To ensure participants are trained in the niche area of Railway Bridge, analytics platforms Industrial Related Projects, Irrigation Projects etc., Design of Railway Bridge learning techniques and its use in analytics, To impart the state of art knowledge of advances in civil Engineering works, to promote design of Railway Bridge and real time applications of concepts in design.
- To strengthen specialized construction & Design areas in major areas of design and construction of Railway Bridge analysis.

#### PROGRAM CONTENT

- Basic concepts of Railway Bridges
- Codes used for design of Bridges
- Concepts of Fundamentals, Models and Frameworks bridge reinforcement
- Construction of Railway Bridge concepts Technologies
- Concepts in design and construction of Railway Bridge Problem solving in Real time and with site conditions

#### ABOUT THE COLLEGE

Vaageswari College of Engineering- The society was established by an eminent and educated personalities in the name of Goddess Saraswathi Devi. Sree Vaageswari Educational Society (SVES) during the year 2003 under the leadership of General Secretary Dr Gandra Sreenivas Reddy Garri, who is a doctor in Ayurveda and a dedicated missionary and crusader in the field of education, is the spirit and force behind this reputed organization. The society was established with a crystal vision to produce professionals having scientific intellect, innovation and imagination.

To be among the best of the institutions for engineers and technologists with attitudes, skills and knowledge and to become an epicentre of creative solutions. To achieve and impart quality education with an emphasis on practical skills and social relevance.

#### About the Department

##### Department of Civil Engineering

The Department Of Civil Engineering at Vaageswari College of Engineering is producing high quality technical manpower needed to Industry, R&D organizations, and academic institutions since 2013 with an Intake of 60. The Intake has been increased to 120 in the year 2014.

##### Department Vision:

Vision is to become school of excellence that brings out civil engineers with technical competencies and promotes high-end research to meet the current and future challenges. To establish an outstanding centre of regional for providing a quality engineering education to the students from the rural area, excellent research and services to the professional and the community, to produce quality, employee principles of continual quality to Improvement enhance its program and faculty.

##### Department Mission:

Striving to be centre of excellence in civil engineering education to provide students the latest learning techniques and a complete knowledgebase for sustainable development of society. To be an outstanding devoted to provide high end research and technical education which will produce socially aware professionals to provide solutions to global community. Provide value based technical education and empower the students to become competent professionals, preparing them for entry-level positions in department, life-long learning, and societal leadership. Allied with both the school of engineering and the college's mission. The department is dedicated to provide a dynamic learning environment that emphasizes open ended design, problem-solving skills, team work, communication, and leadership skills.

"Concepts in design and construction of Railway Bridge" -regarding.

Dear Sir,

On behalf of Vaageswari College of Engineering, I cordially invite you to deliver a lecture on **Concepts in design and construction of Railway Bridge** which will be held from 16<sup>th</sup> to 20<sup>th</sup> August 2018. I would be thankful if you share your expertise on the topic with our faculty.

I will be eagerly looking forward to hear from you and hope that you would accept our invitation for the event.

*Accepted & Acknowledged*

**Dr. Ch. Srinivas,**  
Principal,

Vaageswari College of Engineering,  
Karimnagar.

**SPEAKERS PROFILES**

**Mr.P. Praveen Chary**, Assistant Professor

**Mr.P. Praveen Chary** completed his M.Tech from Jawaharlal Nehru Technological University, Hyderabad. Currently he is working as an Assistant Professor at Kamala Institute of Technology & Science. His research interests include Earthquake Resistant Design of Reinforced Concrete Structures.

**Mr.P. Sudheer Kumar**, Assistant Professor

**Mr.P. Sudheer Kumar** completed his M.Tech from Jawaharlal Nehru Technological University, Hyderabad. Currently he is working as an Assistant Professor at Balaji Institute of Technology & Science. His research interests include Structural Engineering.

**Mr.K.Rajesh**, Assistant Professor

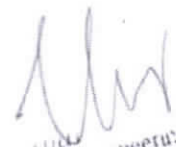

**Mr. K. Rajesh** completed his M.Tech in the year 2015 from Jawaharlal Nehru Technological University. Currently he is working as an Assistant Professor and Head of department at Vaageswari College of Engineering. He has published many national and international journals and attended national and international Conferences. His research interests include Design of Reinforced Cement Concrete structures, Hybrid FRC, etc.

**Ms.V. Haripriya**, Assistant Professor

**Ms.V. Haripriya** completed her M.Tech from Jawaharlal Nehru Technological University. Currently she is working as an Assistant Professor at Vaageswari College of Engineering. Her research of interests includes Transportation Engineering.

**Mr.V.Mahesh**, Assistant Professor

**Mr.V.Mahesh**, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Assistant Professor at Vaageswari College of Engineering. His research interests include use of recycled materials in concrete.

Please respond to the following items by using the scale below:

5=Excellent 4=Very Good 3=Good 2=Fair 1=Poor

1. The speaker presented materials clearly and concisely.

5 4 3 2 1

2. The speaker covered the material sufficiently.

5 4 3 2 1

3. The information presented was relevant to your needs and expectations.

5 4 3 2 1

4. Sufficient opportunity was provided for questions.

5 4 3 2 1

5. You were pleased with the presentation.

5 4 3 2 1

Department of Civil Engineering  
A Five day Faculty Development Program  
**CONCEPTS IN DESIGN AND CONSTRUCTION OF RAILWAY  
BRIDGE**  
(16-08-2018 to 20-08-2018)

**REPORT**

A Five Day Professional Development on "Concepts in design and construction of Railway Bridge" was organized by Department of Civil Engineering, for the Faculty of Civil in Vaageswari college of Engineering from 16-08-2018 to 20-08-2018. Most of the Faculty members of the Department have been actively participated and gained useful information from all the sessions. The programme is designed to Latest Technologies which are used in the Field of Civil Engineering. The programme had provided an opportunity to acquire knowledge about current technological developments in the field of Latest Innovations and Design in Railways.

**Outcomes of the Faculty Development Program:**

1. The participants gained hands-on experience of when and where to use different modes of transportation and concept of bridges.
2. The participants also gained knowledge on how different thermal Bridging is different with remaining all.

**Subject:** Request Proposal to Conduct Five day FDP on "MS-OFFICE"-Reg.

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Computer Science and Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on "MS-OFFICE" from 10<sup>th</sup> to 14<sup>th</sup> December 2018.. I also request you to provide all the required facilities.

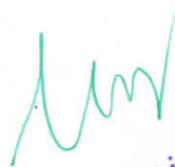

Thanking You.

Yours Sincerely

  
HOD-Dept. of CSE.

**FDP CONTENT:**

After attending this Professional Development Program faculty will be able to:

- Use advanced features of Excel
- Create advanced charts and table
- Use different features of Word and PowerPoint

**PROGRAMME CONTENT**

**Working with Microsoft Word**

- Working with Microsoft word
- Mail Merge
- References (EndNote Footnote, Bibliography, Tables of content, Caption)

**Working in PowerPoint**

- Basic slide designing
- Using animations and transitions
- Slide show options
- Advance designing options of slide

**Working with Data Ranges**

- Sorting by One Column
- Sorting by Colors or Icons
- Sorting by Multiple Columns
- Sorting by a Custom List
- Filtering Data
- Creating a Custom AutoFilter
- Using an Advanced Filter

#### ABOUT THE INSTITUTE:

Established in 2003, is one of the most prestigious society providing high quality professional education in Karimnagar district Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007) and Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The institution is awarded with Best Chapter of ISTE AP Section.

#### VISION:

"To develop the Sree Vaageswari Educational Society into a center of excellence in imparting professional and technical education, to inculcate knowledge and power to the younger generation by providing high quality professional education on par with global standards and to instill high levels of discipline among student community making them ethically strong citizens capable of contributing to the development of society and mankind".

#### PROGRAMS OFFERED:

The college offers B.Tech. programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA, MBA and M.Tech. in Computer Science and Engineering.

#### ABOUT THE DEPARTMENT:

The Department of Computer Science and Engineering was established in the year 2005 with an intake of 60 students in B.Tech.

The intake currently is 120 in B.Tech. (CSE) Program. The department is also successfully running post graduate program M.Tech (Computer Science and Engineering) with an intake of 36.

Computer Science and Engineering department is now home to several eminent and new faculty members, having rich experience in academics, industry and R&D.

The Computer Science and Engineering (CSE) department is dedicated in imparting quality education through well-designed and periodically upgraded curriculum in tune with the challenging software needs of the industry.

The Department's main objective is not only make the students excel in theory but also in experimental research through academic projects in various fields.

The Department regularly organizes several programs such as workshops, guest lectures, seminars etc. to impart state of art knowledge in different technologies to the students as well as faculty members.

Department is dedicated to advancing, disseminating and exploiting knowledge in engineering and technology

All employees can reach students for any of their problems, whether academic or non-academic. The department aims to technically develop students and make them mentally strong to meet future challenges.

Consequently, the administration is trying to play the role of resources and technical leadership in development activities at the national level.

**MS-OFFICE**

**(10/12/2018 to 14/12/2018)**

**REPORT**

**Day 1:**

Our Resource Person started his lecture by giving clear insights on how the documents are useful in the department. Then he started his session by giving clear lecture on basics and advanced concepts of document writing. Also, she stated the graphics such as images, 3D Shapes insertions, etc in the Word.

**Day 2:**

Our Resource Person started her lecture by giving clear insights on the usage of Excel in the Departments. Then she started her lecture by giving insights on the basics of Excel and the different concepts such as formatting, conditions, filters, sorting etc.

**Day 3:**

Our Resource Person started her lecture by giving clear insights on the MS PowerPoint. Then she started her session by giving clear lecture on how the presentation must prepare, slides should be organized, videos can be added, animations to the content etc. has been delivered.

**Day 4:**

Our Resource Person started his lecture by giving clear insights on how:

**MS Access**

- Database Management Software (DBMS)
- Table, queries, forms and reports can be created on MS Access
- Import and export of data into other formats can be done
- The file extension is ".accdb"

Principal  
Vaageswari College of Engineering  
KARIMNAGAR-505 527.

### Day 5:

Our Resource Person started her lecture by giving clear insights on

#### **MS Outlook**

- It is a personal information management system
- It can be used both as a single-user application or multi-user software
- Its functions also include task managing, calendaring, contact managing, journal logging and web browsing
- It is the email client of the Office Suite
- The file extension for an Outlook file is ".pst"

#### **MS OneNote**

- It was released on November 19, 2003
- It is a note-taking application
- When introduced, it was a part of the Office suite only. Later, the developers made it free, standalone and easily available at play store for android devices
- The notes may include images, text, tables, etc.
- The extension for OneNote files is ".one"
- It can be used both online and offline and is a multi-user application

#### **Participants were able to:**

- Use advanced features of Excel
- Create advanced charts and table
- Use different features of Word and PowerPoint

To  
The Principal,  
Vaageswari College of Engineering,  
Karimnagar.

**Subject:** Request Proposal to Conduct Five day FDP on "**Advanced Research Trends in Image Processing**"-Reg.

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Electronics and Communication Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on "**Advanced Research Trends in Image Processing**" during 18-02-2019 to 22-02-2019. I also request you to provide all the required facilities.

Thanking You.

Yours Sincerely

HOD-Dept. of ECE.

Principal  
Vaageswari College of Engineering  
KARIMNAGAR-505 527.

Permitted  
The

Principal  
Vaageswari College of Engineering  
KARIMNAGAR-505 527.

SREE VAAGESWARI EDUCATIONAL SOCIETY

Date: 11-02-2019

**CIRCULAR**

It is hereby informed to Department of Electronics and Communication Engineering that a five day Faculty Development Program will be held on "**Advanced Research Trends in Image Processing**" from 18<sup>th</sup> to 22<sup>th</sup> February 2019. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

**Copies to:**

- To circulate among all the staff members
- All the Notice Boards
- To all HODS
- Office file

KARIMNAGAR-505 527.

#### FDP CONTENT:

Image Processing is a scientific discipline as well as technology frontier, with immense applications. The treatment of speech processing requires an initial grounding in digital signal processing. This allows us to understand a proper coverage of basic speech processing algorithms. Image processing is a growing research field where many revolutionary ideas and efficient algorithms have been developed over the past few decades.

The objective of this program is to introduce the participants to the world of Image Processing, and give an insight into how and where it can be used. This Program will be useful to learn the fundamentals of Digital Processing of Satellite Image data and Biomedical Image data. Hands-on exercises with MATLAB software will open the door for programming in image processing.

#### PROGRAMME CONTENT

- Fundamentals of Image Processing
- Mathematical tools for image processing
- Morphological Image Processing & Compression
- Soft Computing Technique
- Image Mining
- Image Security
- Iris Pattern Recognition
- Multimodal Biometrics
- Medical Image Processing

#### ABOUT THE INSTITUTE:

Established in 2003, is one of the most prestigious society providing high quality professional education in Narmadapur district, Telangana. The society is running multiple educational institutions like: Veereswar College of Engineering (2003), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also instills human values and concern for the environment and the society. The institution is awarded with Best Chapter of USTC-AP Section.

#### VISION:

"To develop the Great Veereswar Educational Society into a center of excellence in imparting professional and technical education, to inculcate knowledge and power to the younger generation by providing high quality professional education on par with global standards and to instill high levels of discipline among student community making them educationally strong citizens capable of contributing to the development of society and mankind."

#### PROGRAMS OFFERED:

The college offers B.Tech. programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA, MBA and M.Tech. in Computer Science and Engineering.

#### ABOUT THE DEPARTMENT:

The department of Electronics and Communication Engineering (ECE) was started in 2005 with an intake of 60 and in a short span of time the intake increased to 180. The department has got M.Tech in ECE with an intake of 36 during this academic year (2010-11).

The department comprises of well experienced and dedicated faculty with vast experience in teaching. The faculty members have been meticulously and judiciously picked up to impart quality education and inculcate all-round development in the students. The department has well established labs with state of art hardware equipments and advanced softwares.

The department is run by well qualified and experienced faculty under the able guidance and leadership of our potential HOD of ECE.

Consequently, the administration is trying to play the role of resources and technical leadership in development activities at the national level.

The department also seeks to provide its students with excellent educational and educational opportunities in the field of electronics and communications engineering, thus providing a lasting technical basis in an environment of rapid technical change. In the process, it enables and promotes their professional growth through contact with best professional practices. Consequently, the administration is trying to play the role of resources and technical leadership in development activities at the national level.

#### REGISTRATION FORM:

**INVITATION LETTER**

To,

Mr. Hameed Pasha Mohammad,

Associate Professor and Head,

Department of Electronics and Communication Engineering,

Jayamukhi Institute of Technological Sciences,

Warangal-506332.

**Sub:** Invitation to be a resource person for five day Faculty Development Program on  
**"Advanced Research Trends in Image Processing"**-regarding.

Dear Sir,

On behalf of Vaageswari College of Engineering, I cordially invite you to deliver a lecture on **Advanced Research Trends in Image Processing** which will be held from 02<sup>nd</sup> to 06<sup>th</sup> July 2018. I would be thankful if you share your expertise on the topic with our faculty.

I will be eagerly looking forward to hear from you and hope that you would accept our invitation for the event.

Accepted and Acknowledged

**Speaker Profiles**

**Dr. S. Sandhya Rani**, completed her Ph.D from Jawaharlal Nehru Technological University. Currently she is working as a Professor at Jayamukhi Institute of Technological Sciences, Warangal. Her research interests include Near Field Communication.

**Mr. Hameed Pasha Mohammad**, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Associate Professor and Head of Department of Electronics and Communication Engineering at Jayamukhi Institute of Technological Sciences, Warangal. His research interests include Design of microstrip Antennas.

**Mrs. K. Jyothsna**, completed her M.Tech from Jawaharlal Nehru Technological University. Currently she is working as an Assistant Professor at Vaageswari College of Engineering. Her research interests include MATLAB fundamentals.

**Mr. B. Thirupathi**, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Assistant Professor at Vaageswari College of Engineering. His research interests include Signal Processing.

**Mrs. E. Jyothi**, completed her M.Tech from Jawaharlal Nehru Technological University. Currently she is working as an Associate Professor at Vaageswari College of Engineering. Her research interests include MATLAB fundamentals.

Department of Electronics and Communication Engineering  
Five-Day Faculty Development Program on  
**ADVANCED RESEARCH TRENDS IN IMAGE PROCESSING**  
(18/02/2019 to 22/02/2019)

**REPORT**

A five Day Faculty Development Program on "Advanced Research Trends in Speech and Image Processing" was organized by Department of Electronics and Communication Engineering, Vaageswari college of Engineering from 18<sup>th</sup> to 22<sup>nd</sup> Feb 2019 for the faculty of ECE Department. Several faculty members of the Department actively participated and gained useful information from all the sessions.

The program is designed to design and develop Digital circuits at Schematic and Layout levels. The program provided an opportunity to acquire knowledge about current technological developments in the field of Image Processing. This Program will be useful to learn the fundamentals of Digital Processing of Human Speech data, Satellite Image data and Biomedical Image data. Hands-on exercises with MATLAB software will open the door for programming in image processing

**Outcomes of the Faculty Development Program:**

- This FDP is intended to make the participants aware and able to work on this emerging area. Around 20 participants attended this FDP to gain knowledge in the area of designing projects and applications by the use of Image Processing.
- Introduction to Image enhancement techniques and by Morphological Image Processing and Compression.
- Satellite Imaging
- Medical Imaging
- Filtering Techniques

**Subject:** Request Proposal to Conduct Five day FDP on "VLSI DESIGN  
USING FPGA"-Reg.

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Electronics and Communication Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on "VLSI DESIGN USING FPGA" during **20-05-2019 to 24-05-2019**. I also request you to provide all the required facilities.

Thanking You.

Yours Sincerely

HOD-Dept. of ECE.

**CIRCULAR**

It is hereby informed to Department of Electronics and Communication engineering, that a five day Faculty Development Program will be held on "VLSI DESIGN USING FPGA" from 20<sup>th</sup> to 24<sup>th</sup> May 2019. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

#### **FDP CONTENT:**

Primary objective of this program is to provide hands on experience in Digital VLSI using FPGA board. During this program our focus will be on practical realization of digital circuits using Vivado and become aware of current state-of-art in industry in this domain. The following are the broad topics, going to be covered in this course:

Basic of hardware description languages Verilog/VHDL and FPGA based realization; Industries based embedded system designing, Advancements in ASIC designing.

One of the key features of this program is that, along with discussing the advanced research topics and cutting edge technologies, it will encompass fundamental aspects of digital as well as Electrical and Electronics domain technologies.

#### **PROGRAMME CONTENT:**

- Knowledge and understanding of fundamental recent trends in FPGA technologies and identifying and understanding open problems and challenges
- Preliminary ideal for using hardware description languages Verilog/VHDL and FPGA based realization as per today's industry needs.
- Basic awareness of ASIC design, full custom design flow, spice net list, spice models and analysis, layer map file, DRC and LVS rule layout design.

#### ABOUT THE INSTITUTE:

Established in 2003, is one of the most prestigious society providing high quality professional education in Karimnagar district Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The institution is awarded with Best Chapter of ISTE AP Section.

#### VISION:

"To develop the SreeVaageswari Educational Society into a center of excellence in imparting professional and technical education, to inculcate knowledge and power to the younger generation by providing high quality professional education on par with global standards and to instill high levels of discipline among student community making them ethically strong citizens capable of contributing to the development of society and mankind"

#### PROGRAMS OFFERED:

The college offers B.Tech. programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA, MBA and M.Tech. in Computer Science and Engineering.

#### ABOUT THE DEPARTMENT:

The department of Electronics and Communication Engineering (ECE) was started in 2005 with an intake of 60 and in a short span of time the intake increased to 180. The department has got M.Tech in ECE with an intake of 36 during this academic year (2010-11)

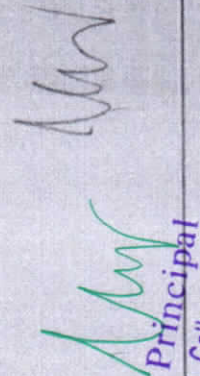

The department comprises of well experienced and dedicated faculty with vast experience in teaching. The faculty members have been meticulously and judiciously picked up to impart quality education and inculcate all-round development in the Students. The department has well established labs with state of art hardware equipments and advanced softwares.

The department is run by well qualified and experienced faculty under the able guidance and leadership of efficient and potential HOD, ECE.

Consequently, the administration is trying to play the role of resources and technical leadership in development activities at the national level.

The department also seeks to provide its students with excellent educational and educational opportunities in the field of electronics and communications engineering, thus providing a lasting technical basis in an environment of rapid technical change.

In the process, it enables and promotes their professional growth through contact with best professional practices. Consequently, the administration is trying to play the role of resources and technical leadership in development activities at the national level.

**Department of Electronics and Communication Engineering**

**Five-Day Faculty Development Program on**

**VLSI DESIGN USING FPGA**

**(20/05/2019 to 24/05/2019)**

**REPORT**

Five Day Faculty Development Programme on "VLSI DESIGN USING FPGA" was organized by Department of Electronics and Communication Engineering, Vaageswari college of Engineering from 20<sup>th</sup> to 24<sup>th</sup> May 2019 for the faculty of ECE Department. Several faculty members of the Department actively participated and gained useful information from all the sessions.

Dr.K. Keerti Kumar, Associate Professor, ECE Department, Vaageswari college of Engineering conducted FDP on VLSI Design using FPGA. It was initiated with the introduction to Vivado.

The Electronics industry has achieved a phenomenal growth over the last few decades, mainly due to the rapid advances in large scale integration technologies and system design applications. With the advent of very large scale integration (VLSI) designs, the number of applications of integrated circuits (ICs) in high-performance computing, controls, telecommunications, image and video processing, and consumer electronics has been rising at a very fast pace.

**Outcomes of the Faculty Development Programme:**

- FPGA technologies
- Preliminary ideal for using hardware description languages Verilog/VHDL and FPGA based realization as per today's industry needs.
- Basic awareness of ASIC design
- Advancements in ASIC designing

**Subject:** Request Proposal to Conduct Five day FDP on "**Applications of Digital Signal Processing Techniques for Power Electronic Systems**"-Reg.

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Electrical and Electronics Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on "**Applications of Digital Signal Processing Techniques for Power Electronic Systems**" during 27-05-2019 to 31-05-2019. I also request you to provide all the required facilities.

Thanking You.

Yours Sincerely

HOD-Dept. of EEE.

**CIRCULAR**

Date: 23-05-2019

It is hereby informed to **Department of Electrical and Electronics Engineering** that a five-day Faculty Development Program will be held on **"Applications of Digital Signal Processing Techniques for Power Electronic Systems"** from 27<sup>th</sup> to 31<sup>st</sup> May 2019. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

#### WORKSHOP CONTENT:

This Faculty Development Program (FDP) is devoted to cover certain specific applications of DSP where there is increasing demand for improved converter topologies, control techniques, energy management etc. In the past few years, power electronics field has grown considerably. It is due to development of solar energy, wind energy, switching devices, magnetic components, advanced control techniques, computational methods, DSP/FPGA controllers, etc. Applications of digital signal processors can be found in several areas like industry, transportation, medical, telecommunication, residential, energy systems, etc. Certain low and high power switching specialized converters are developed with the use of advanced controllers such as TMS320F2407, TMS320F2812 and TMS320F28335 for grid connected and stand alone systems.

#### COURSE CONTENT:

##### Part-I: Signal Processing Techniques

- FFT for spectrum analysis
- FIR & IIR filter design
- Adaptive Filter design
- Kalman filter
- Architecture of

TMS320F2812/TMS320F28335

##### Part-II: Power Electronic Systems

- LED Lighting Systems
- Solar & Wind energy
- Smart grid Technology
- Energy Storage Systems
- Electric Vehicles

VAAGESWARI COLLEGE OF  
ENGINEERING

Karimnagar, Telangana- India

27<sup>th</sup> to 31<sup>st</sup> May, 2019  
\*\*\*\*\*

#### ABOUT THE INSTITUTE:

Established in 2003, Vaageswari Educational Society is one of the most prestigious society providing high quality professional education in Karimnagar district of Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The Institution is awarded with Best Chapter of ISTE AP Section.

#### VISION

Excellence in quality education by keeping pace with the rapidly changing technologies and to create a highly innovative and research oriented man power meeting the global standards in the field of Electrical and Electronics Engineering.

#### MISSION

To create an excellent academic environment where a strong theoretical knowledge and practical skills can be imparted. Further, the graduates will also be trained in interpersonal communication skills and teamwork along with an emphasis on ethics and morals for the sustainable development of the society.

#### PROGRAMS OFFERED:

The college offers B Tech programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA and M.Tech in Computer Science and Engineering.

#### ABOUT THE DEPARTMENT:

Electrical & Electronics Engineering started in 2005. The Department is bestowed with highly qualified and experienced faculty out of which 2 have completed their Ph.D. The Department offers UG programme in EEE with an objective of imparting quality education in the Electrical and Electronics Engineering and one PG programme in Power Electronics. The Department has well equipped labs with latest simulation & design software. The Department is enriched with PE, PS Labs and R&D. The Department initiated power Club in 2005.

The department is actively engaged in research. The efforts are directed towards reorienting the laboratories to establish close relation with industry. The department has been organizing short term training programs, seminars, workshops, guest lectures by experts, technical & non-technical student fests regularly. The department is working for the improvement of Industry - Institute Interaction in terms of academics & research and also for the development of infrastructure to match the needs of the industry. The department is striving hard to attain & sustain as a centre of excellence in Electrical engineering education & research with a holistic approach.

The faculty strives to foster and encourage a teaching methodology that is both practical and theoretical in approach tuning to the requirements of the latest developments in research and industry in the field of Electrical and Electronics Engineering.

Further, the graduates will also be trained in interpersonal communication skills and teamwork along with an emphasis on ethics and morals for the sustainable development of the society.

Five-Day Faculty Development Program on

**APPLICATIONS OF DIGITAL SIGNAL PROCESSING  
TECHNIQUES FOR POWER ELECTRONIC SYSTEMS**

(27/05/2019 to 31/05/2019)

**REPORT**

A five Day Faculty Development Program on "Applications of Digital Signal Processing Techniques for Power Electronic Systems" was organized by Department of Electrical and Electronics Engineering, Vaageswari college of Engineering from 27<sup>th</sup> to 31<sup>st</sup> May 2019 for the faculty of EEE Department. Several faculty members of the Department actively participated and gained useful information from all the sessions.

This Faculty Development Programme (FDP) is devoted to cover certain specific applications of DSP where there is increasing demand for improved converter topologies, control techniques, energy management etc. In the past few years, power electronics field has grown considerably. It is due to development of solar energy, wind energy, switching devices, magnetic components, advanced control techniques, computational methods, DSP/FPGA controllers, etc.

Applications of digital signal processors can be found in several areas like industry, transportation, medical, telecommunication, residential, energy systems, etc. Certain low and high power switching specialized converters are developed with the use of advanced controllers such as TMS320F2407, TMS320F2812 and TMS320F28335 for grid connected and stand alone systems..

It creates the common platform that industry represents, experts, faculty and researchers to interact and update their knowledge.

**Outcomes of the Faculty Development Program:**

- Learned various applications in Digital Signal Processing .
- Architecture of TMS320F2812/TMS320F28335.
- Energy Storage Systems.
- Filter design.

**Subject:** Request Proposal to Conduct Five day FDP on “**Modeling and Manufacturing**”-Reg.

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Mechanical Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on “**Modeling and Manufacturing**” during **15<sup>th</sup> April to 19<sup>th</sup> April 2019**. I also request you to provide all the required facilities.

Thanking You.

Yours Sincerely

HOD-Dept. of Mechanical Engg.

**CIRCULAR**

It is hereby informed to Mechanical department that a five day Professional Development Program will be held on **"Modeling and Manufacturing"** from **15<sup>th</sup> April to 19<sup>th</sup> April 2019**. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

#### About Vaageswari College of Engineering

Sree Vaageswari Educational Society was established by eminent and educated personalities in the name of Goddess Saraswathi Devi in the year 2003 under the leadership of Dr. G. Sreenivas Reddy Garu, General Secretary & Correspondent who is a Doctor in Ayurveda and a dedicated missionary and crusader in the field of education, he is the spirit and force behind this reputed organization. The society was established with a vision to produce professionals having scientific intellect, innovation and imagination. The Institution provides currently 4 Diploma, 5 UG, 7PG programs. The Best of assistance in academic field and guides the students in a right path to reach the summit of their professional careers.

Vaageswari College of Engineering impart goal oriented, quality based and value added education with state-of-the-art technical resources. Over the years, it has evolved as a symbol of quality education. The determination and dedicated efforts of college in the interest of the students to compete with the best in the outside world have enabled us to shine forth as the torchbearer for quality education today. The Institution keep pace with the world's major strides in technology, development and hence set a benchmark in every pedagogical standard.

The Vaageswari College of Engineering is located in the suburbs of Karimnagar town, on Rajiv Rahadari Highway towards Hyderabad. Situated in eco friendly campus with lush green lawns, lovely landscape, aesthetic architecture and avant-garde infrastructure, The College epitomize an exemplary setting for scientific education and higher learning.

#### About the Department

Mechanical department was established in 2012. The Department offers Diploma, Under Graduate and Post Graduate programs. The department has well experienced faculty, good infrastructural facilities and has full-fledged laboratories equipped with adequate hardware and software.

Mechanical engineering is a discipline of engineering that applies the principles of physics and materials science for analysis, design, manufacturing, and maintenance of mechanical systems. It is the branch of engineering that involves the production and usage of heat and mechanical power for the design, production, and operation of machines and tools. It is one of the outstanding broadest engineering disciplines.

#### THEME OF THE WORKSHOP

Advances in Materials and Manufacturing aims to bridge developments in academic and industrial research and highlights the latest developments in AM including new methods, materials development, and applications, as well as new ecosystems built on advanced manufacturing.

#### Workshop Contents:

- Introduction to Modeling and Manufacturing, Discrete Manufacturing.
- Job Shop Manufacturing.
- Continuous Process Manufacturing
- Batch Process Manufacturing
- Modelling in CMS
- Modeling In CATIA
- Drawing Sketches in the Sketcher Workbench-I
- Constraining Sketches and Creating Base Features
- Reference Elements and Sketch-Based Features.
- Creating Dress-Up and Hole Features

**MODELING AND MANUFACTURING**  
**15<sup>th</sup> to 19<sup>th</sup> April 2019**

**REPORT**

A five Day Professional Development Programme on "Modeling and Manufacturing" was organized by Department of Mechanical Engineering, Vaageswari college of Engineering from 15<sup>th</sup> April to 17<sup>th</sup> April 2019. Several faculty members of the Department actively participated and gained useful information from all the sessions.

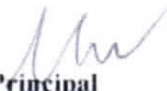

The programme is by using the Modeling and Manufacturing of the participants, to make them aware about modern Designing tools and methodologies. It provides an opportunity to acquire knowledge about current technological developments in relevant fields. The programme mainly focuses on Modeling and Manufacturing and the different types of materials approaches with primary concern and motivation for application development

**TECHNICAL SESSIONS:**

- Introduction to Modeling and Manufacturing, Discrete Manufacturing.
- Job Shop Manufacturing.
- Continuous Process Manufacturing, Batch Process Manufacturing.
- Modeling In CATIA, Drawing Sketches in the Sketcher Workbench-I.
- Constraining Sketches and Creating Base Features, reference elements and Sketch-Based Features.

To

The Director,  
National Institute of Technology,  
Warangal-506004.

Respected Sir,

Sub: Request you to conduct a 6 days Faculty Development Program (FDP) through Teaching Learning Centre (TLC).

Greetings from our organization "Vaageswari College of Engineering", Karimnagar. I (details mentioned in the signature of the letter), on behalf of our management and staff would like to request you to conduct a six days Faculty Development Program (FDP) through Teaching Learning Centre (TLC) on "Pedagogy and ICT in Higher Education" at our college premises for young faculty of various engineering branches from 13th-18th May 2019.

Thanking you Sir,

Thanks and Regards,

Dr. Ch. Srinivas,  
Principal,

Vaageswari College of Engineering,  
Karimnagar-505527.

Principal  
Vaageswari College of Engineering

### Teaching Learning Centre of NIT Warangal

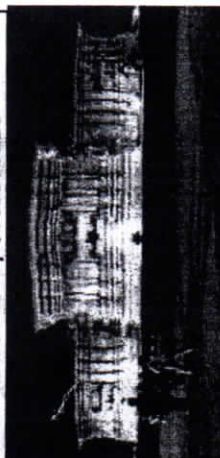

The Teaching Learning Centre (TLC) is established at NIT Warangal with grants from the MHRD, GOI under the scheme, 'Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching' (PMMNMNTT). Many senior and young faculty members across various departments of the Institute are associated with this centre as members of the Core-Team. One of the important objectives of the centre is to conduct training programs for aspiring, newly inducted and in-service faculty in Higher Education. Other activities of the TLC include preparation of e-learning materials, offering courses on-line, curriculum development, carrying out research in pedagogy and integrating ICT into teaching-learning process.

### About NIT Warangal

National Institute of Technology Warangal, formerly known as Regional Engineering College was established in 1959. Over the years it has developed into a premier institute of higher learning and is ranked among the top technical education institutions in India. There are 13 Departments offering eight undergraduate and 32 post-graduate programmes besides doctoral programmes. About 5000 students across the country and about 500 international students study in the campus. It is a fully residential campus sprawling over 250 acres with excellent infrastructure, state of the art library, seminar halls, guest houses and laboratories.

For any query regarding this programme, please contact the following persons.

 Prof. P. Bangaru Babu, Core Team Member, TLC, NIT Warangal  
 Dr. K. Keerti Kumar, Associate Professor, Dept. of ECE, VCE Karimnagar  
 Mr. E. Srikanth Reddy, Associate Professor, Dept. of CSE, VCE Karimnagar  
 Mr. M. Kiran Kumar, Asst. Professor, Dept. of Mechanical Engg., VCE Karimnagar

#### Organized by the

TEACHING LEARNING CENTRE  
 National Institute of Technology, Warangal  
 in association with  
 Vaageswari College of Engineering, Karimnagar  
 Dist: Karimnagar, Telangana State, INDIA

Principal  
 Vaageswari College of Engineering  
 KARIMNAGAR-505 527.

### **Preamble:**

Engineering Graduates of Today need to be critical thinkers, problem solvers, team players, effective communicators, life-long learners and innovators in order to be globally competitive. As most of the graduates do not possess these attributes to the expected levels, their employability level is very low. The Instructional methods that were followed in 20<sup>th</sup> century are inadequate for preparing the graduates to meet the above mentioned skills and attributes. Hence, there is a need to develop relevant 'Teaching Competencies' among the faculty members in Technical Education.

Advent of several ICT tools has paved the way to the emergence of a number of learner-centred methods of instruction. Today e-Learning, Blended learning, Cooperative learning, Active learning have become buzz words in the teaching-learning process. Teachers, who are equipped with these new approaches to teaching and learning, will be able to develop desirable learning outcomes and attributes among the students. In this background, this one-week faculty development programme on "*Pedagogy and ICT in Engineering Education*" is organized with the following objectives.

### **Objectives:**

- (i) To empower the participants with the required teaching competencies, skills and attitudes for outcome based education
- (ii) To enable the faculty of higher education to learn on student-centred instructional methods.
- (iii) To enable the participants to integrate ICT tools in teaching
- (iv) To provide the participants with experiential learning through simulated teaching practice and analysis

### **Resource Persons**

Academic Staff from Teaching Learning Centre, Core-Team members of Teaching Learning Centre and Senior Faculty from NIT Warangal, will deliver lectures, conduct workshop sessions and simulated teaching practice sessions.

### **Topics to be covered:**

- Principles of learning, Domains of learning
- Formulating instructional objectives
- Motivational techniques
- Teaching strategies to facilitate active learning
- Instructional planning
- Assessment and evaluation methods
- Cognitive layers-based design of questions
- Effective laboratory instruction
- Professional ethics in academics
- eLearning, Blended learning and Flipped Learning Techniques
- Technology enhanced teaching and learning, Open educational resources
- FOSS Tools in enhancing teaching-learning process
- Preparing and using animations in teaching
- Traits of an effective teacher
- Simulated teaching practice and analysis

### **Registration is open to**

Faculty members of Engineering and Technical Institutions.

### **How to Apply**

Eligible candidates may apply by submitting the filled in registration form (attached with this mail/ brochure) to the Local Coordinators of this FDP on or before 6-5-2019.

### **Selection**

As the programme is conducted in a workshop mode with hands-on sessions, the number of participants in the workshop is limited to 60. The selection will be made on first-cum-first served basis among eligible applicants.

### **Payment of Registration Fee**

After receiving the intimation about the selection, the applicant has to pay the required registration fee to the local Coordinators, as per the details shown below on or before 7-5-2019.

### **Registration fee**

Registration fee is Rs.750/- per participant. In the case of participants belonging to SC/ST category, the registration fee is Rs.400/- only.

**One Week Faculty Development Program**  
**PEDAGOGY AND ICT IN HIGHER EDUCATION**  
**13<sup>th</sup> to 18<sup>th</sup> May 2019**

**REPORT**

A five Day Short Term Training Program on "Pedagogy and ICT in Higher Education" was organized by Vaageswari college of Engineering from 13<sup>th</sup> to 18<sup>th</sup> May 2019. Several faculty members of the organization actively participated and gained useful information from all the sessions.

It provided an opportunity to acquire knowledge about several ways of Teaching and Learning in Higher Education.

**OUTCOMES:**

- Bloom's Taxonomy
- Moodle LMS
- Professional Ethics in Academics
- Simulated Teaching
- Outcome Based Education
- Cognitive Layers- based design of questions
- Open Educational Resources
- Effective Laboratory Practices
- Active Learning Strategies
- Usage of Animations and presentations

**NATIONAL INSTITUTE OF TECHNICAL TEACHERS' TRAINING AND RESEARCH, KOLKATA**

(Established by the Ministry of Human Resource Development, Govt. of India)

Block – FC, Sector – III, Salt Lake City, Kolkata – 700 106

Telephone: **(033) 2358-7442 / 033-66251901**

<http://www.nitttrkol.ac.in/> E-mail: [academic@nitttrkol.ac.in](mailto:academic@nitttrkol.ac.in) / [academicnitttr@yahoo.com](mailto:academicnitttr@yahoo.com)

It is proud privilege to inform you that the Institute has decided to offer programmes on Govt. of India approved project on National Mission on Education through Information & Communication Technology (NME-ICT). Our Institute Programme Calendar 2019-20 hosted it. All Short-Term Training Programme details there, kindly see it. In this line, ensuing programme through NME-ICT (On-line) mode is detailed below:

Programme Title: **NBA Accreditation (ICT01)**

Date: **22/04/2019 to 26/04/2019**

Programme Co-ordinator: **Dr. Rayapati Subbarao**

Phone: 91 (033) 66251974/8902007778, [rsrao@nitttrkol.ac.in](mailto:rsrao@nitttrkol.ac.in)

Target Group: Faculty of all disciplines

**Programme Objectives:**

After attending the programme, participants are expected to be able to

- ✓ Find the Impact of NBA Accreditation
- ✓ Prepare Vision, Mission, Program Educational Objectives
- ✓ Prepare Course Outcomes and Program Outcomes
- ✓ Learn how to prepare SAR,
- ✓ Practice Criteria I to X

You are requested to give wide publicity among the intending participants.

Please note that the cost of working lunch and writing pad & pen shall be provided by NITTTR, Kolkata to the participants as per the approved rates given below:

- |   |          |
|---|----------|
| 1. Working Lunch (including two refreshments)<br>per participant per day (for 5 days) | Rs. 80/- |
| 2. Writing pad & pen per participant<br>(Only once in a course)                       | Rs. 25/- |

On successful completion of the programme, Certificates(s) shall be provided to the participants in the standard format (Hard Copy).

In order to process your claim, as stipulated above, which should be addressed to the Director of the Institute. The documentation should be full proof viz., bills, vouchers, should be duly counter signed by the competent authority of your Institute along with feedback form and attendance sheet.

Your kind co-operation is solicited to fill the Registration Sheet attached herewith and be sent per mail to do the needful.

**Please note that enrolment in the above mentioned NME-ICT (On-Line) shall be done on first-cum-first serve basis. As such in the interest of intending participants, registration be done at the earliest.**

Date: - 06-05-2019

To  
The Director,  
NITTTR,  
Kolkata, 700 106.

Respected Sir,

Sub: - Forwarding Letter for the successful completion of STP on  
"NBA Accreditation" (ICT01) – Reg.

\* \* \*

I sincerely thank you on behalf of our organization for the selecting our institute to conduct STP on "NBA Accreditation" (ICT01) from 22-04-2019 to 26-04-2019. The list of the documents (hard copy) being forwarded through the post are:

- 1) Forwarding Letter from the Head of the Institute
- 2) Original Registration Sheet signed by the Head of the Institute
- 3) Original Full Attendance Sheet signed by the Head of the Institute
- 4) Filled in Feedback forms (Original) from each individual participant
- 5) Original claim by The Principal for the expenses incurred in the programme according to the approved rates along with bills and vouchers signed by the Head of the Institute
- 6) Institute Bank Details (cancelled cheque) for reimbursement/transfer of amount

Thanking you Sir,

Yours faithfully

We thank you for joining Teachers Training Programmes through ICT mode. In order to judge the quality and effectiveness of the program, we request you to kindly give your thoughtful responses by tick [✓] mark in appropriate cells below as also suggest what further can be done to make this effort more effective.

Parameters	Poor	Fair	Good	Very good	Excellent
<b>A. Quality of Projection</b>					
1. Video quality of the program			✓		
2. Clarity/definition of the images			✓		
3. Audio quality of the program			✓		
4. Audio signal matching lip movement		✓			
<b>B. Presentations by Resources Persons</b>					
1. Planning and organization of the program				✓	
2. Sequencing of the topics					✓
3. Communication (viz, delivery, pronunciation, modulation, movement of hands, gestures etc.)					✓
4. Style of presentation (viz, explanations given mostly looking into the camera than otherwise)					✓
5. Interactions by the resources person					✓
6. Quality of power point presentation (contrast, colour, design of plates etc)					✓
7. Use of media (viz, photos, graphics, video clips etc) in power point presentation					✓
8. Ease of reading texts from power point plates					✓
<b>C. Other Aspects</b>					
1. Relevance of the course					✓
2. Adequacy of time for presentation of topics				✓	
3. Design of the program					✓
<b>D. Overall Rating of the course</b>					✓

E. Please use the space below to thoughtfully suggest what further action may be taken to make this efforts more effective and presentations more attractive in the future:

1. Any suggestion regarding the training aspect.

The programme is excellent, but we faced some disturbance due to signal problem. So, my humble suggestion is if possible the same programme will conduct (off line) in our college.

2. What have you liked in this training programme?

Entire programme is good, especially Dr. Rappati Subbarao sir explanation about the Criteria is excellent.

3. Please indicate the topics, areas in which you may be interested to take training in future

CO - PO mapping process is needed to take training future.

**Vaageswari College of Engineering**  
**A Five-Day Short Term Training Program**  
**NBA ACCREDITATION**  
**22<sup>nd</sup> to 26<sup>th</sup> April 2019**

**REPORT**

A five Day Short Term Training Program on "NBA Accreditation" was organized by Vaageswari college of Engineering from 22<sup>nd</sup> to 26<sup>th</sup> April 2019. Several faculty members of the organization actively participated and gained useful information from all the sessions. It provided an opportunity to acquire knowledge about NBA Accreditation Process to get the programs of the college accredited.

**OUTCOMES:**

PART A: Institutional Information

PART B: Criteria Summary

Criteria 1: Vision, Mission and Program Educational Objectives

Criteria 2: Program Curriculum and Teaching-Learning Processes

Criteria 3: Course Outcomes and Program Outcomes

Criteria 4: Students' Performance

Criteria 5: Faculty Information and Contributions

Criteria 6: Facilities and Technical Support

Criteria 7: Continuous Improvement

Criteria 8: First Year Academics

Criteria 9: Student Support Systems

Criteria 10: Governance, Institutional Support and Financial Resources

PART C: Declaration by the Institution

**Subject:** Request Proposal to Conduct Five day FDP on “**Emerging Research Areas in Mechanical Engineering**”-Reg.

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Mechanical Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on “**Emerging Research Areas in Mechanical Engineering**” during **02-06 April 2019**. I also request you to provide all the required facilities.

Thanking You.

Yours Sincerely

HOD-Dept. of Mechanical Engg.

Principal  
Vaageswari College of Engineering  
KARIMNAGAR

**CIRCULAR**

It is hereby informed to Mechanical department that a Five-day Faculty Development Program will be held on “**Emerging Research Areas in Mechanical Engineering**” from 02 -06 April 2019. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

  
PRINCIPAL

#### About Vaageswari College of Engineering

Sree Vaageswari Educational Society was established by eminent and educated personalities in the name of Goddess Saraswathi Devi in the year 2003 under the leadership of Dr. G. Sreenivas Reddy Garu, General Secretary & Correspondent who is a Doctor in Ayurveda and a dedicated missionary and crusader in the field of education, he is the spirit and force behind this reputed organization. The society was established with a vision to produce professionals having scientific intellect, innovation and imagination. The Institution provides currently 4 Diploma, 5 UG, 7PG programs. The Best of assistance in academic field and guides the students in a right path to reach the summit of their professional careers.

Vaageswari College of Engineering impart goal oriented, quality based and value added education with state-of-the-art technical resources. Over the years, it has evolved as a symbol of quality education. The determination and dedicated efforts of college in the interest of the students to compete with the best in the outside world have enabled us to shine forth as the torchbearer for quality education today. The Institution keep pace with the world's major strides in technology, development and hence set a benchmark in every pedagogical standard.

The Vaageswari College of Engineering is located in the suburbs of Karimnagar town, on Rajiv Rahadri Highway towards Hyderabad. Situated in eco friendly campus with lush green lawns, lovely landscape, aesthetic architecture and avant-garde infrastructure. The College epitomize an exemplary setting for scientific education and higher learning.

#### About the Department

Mechanical department was established in 2012. The Department offers Diploma, Under Graduate and Post Graduate programs. The department has well experienced faculty, good infrastructural facilities and has full-fledged laboratories equipped with adequate hardware and software.

Mechanical engineering is a discipline of engineering that applies the principles of physics and materials science for analysis, design, manufacturing, and maintenance of mechanical systems. It is the branch of engineering that involves the production and usage of heat and mechanical power for the design, production, and operation of machines and tools. It is one of the outstanding broadest engineering disciplines.

#### THEME OF THE WORKSHOP

Mechanical engineers research, design, develops, build, and test mechanical and thermal devices, including tools, engines, and machines. Mechanical engineers typically do the following: Analyze problems to see how mechanical and thermal devices might help solve the problem.

#### Workshop Contents:

1. Aerodynamics and Fluid Mechanics. ...
2. Biomechanics. ...
3. Combustion and Energy Systems. ...
4. Design and Manufacturing. ...
5. Dynamics and Control. ...
6. Materials and Structures. ...
7. Vibrations, Acoustics and Fluid-

#### Who can participate?

Faculty members, Research Scholars and People from the Industry.

**SPEAKER PROFILES**

**Dr. Sanjeev Kumar Sajjan**, completed his Ph.D from Jawaharlal Nehru Technological University. Currently he is working as an Associate Professor in Department of Mechanical Engineering at Vaagdevi College of Engineering. His research interests include in Alternate Fuels.

**Dr. P. Srinivasulu**, completed his Ph.D from Jawaharlal Nehru Technological University. Currently he is working as a Professor and HOD, Department of Mechanical Engineering at Vaagdevi College of Engineering. His research interests include Production Technology.

**Mr B. Laxmi Narayana**, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Associate Professor at Vaageswari College of Engineering. His research interests include Production Engineering.

**Mr. D. Vijay Kumar**, completed his M.S from Blekenzie Institute of Technology, Sweeden. Currently he is working as an Associate Professor at Vaageswari College of Engineering. His research interests include Vibration Model Analysis.

**Mr. K. Sudarshan**, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Assistant Professor at Vaageswari College of Engineering. His research interests Thermal Engineering.

Five-Day Faculty Development Program  
**EMERGING RESEARCH AREAS IN MECHANICAL ENGINEERING**  
02 -06 April, 2019

**REPORT**

A five Day Faculty Development Programme on "Emerging Research Areas In Mechanical Engineering" was organized by Department of Mechanical Engineering, Vaageswari college of Engineering from 02<sup>nd</sup> to 06<sup>th</sup> April 2019. Several faculty members of the Department actively participated and gained useful information from all the sessions.

The programme is by discussing about the research area in mechanical engineering, to make them aware about research areas and methodologies. It provides an opportunity to acquire knowledge about current technological developments in relevant fields. The programme mainly focuses on Emerging research areas in mechanical engineering and approaches with primary concern and motivation for application development

**PROGRAM OUTCOMES:**

- Introduction Emerging Research Areas In Mechanical Engineering, Aerodynamics and Fluid Mechanics.
- Biomechanics.
- Design and Manufacturing
- Dynamics and Control, Materials and Structures
- Vibrations, Acoustics and Fluid
