SREE VAAGESWARI EDUCATIONAL SOCIETY
VAAGESWARI COLLEGE OF ENGINEERING

(Affiliated to JNTUH, Hyderabad.)

(Approved by AICTE New Delhi & Recognised by the Govt. of Telangana State)

Date: 01/09/2021

To
The Principal,
Vaageswari College of Engineering,
Karimnagar.

Subject: Request Proposal to Conduct Five day FDP on “**Power Electronic Applications in Electric Vehicles and Energy Storage**”-Reg.

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Electrical and Electronics Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on “**Power Electronic Applications in Electric Vehicles and Energy Storage**” during **06-09-2021 to 10-09-2021**. I also request you to provide all the required facilities.

Thanking You.

Yours Sincerely

HOD Dept. of E.E.E.

Permitted to conduct

th

Principal
Vaageswari College of Engineering
KARIMNAGAR-505 527.

th

Principal
Vaageswari College of Engineering
KARIMNAGAR-505 527.

SREE VAAGESWARI EDUCATIONAL SOCIETY
VAAGESWARI COLLEGE OF ENGINEERING

(Affiliated to JNTUH, Hyderabad.)

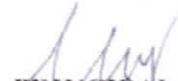

(Approved by AICTE New Delhi & Recognised by the Govt. of Telangana State)

CIRCULAR

Date: 30-08-2021

It is hereby informed to **Department of Electrical and Electronics Engineering** that a five-day Faculty Development Program will be held on “**Power Electronic Applications in Electric Vehicles and Energy Storage**” from 06th to 10th September 2021. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

PRINCIPAL

Copies to:

- Circulate among all the staff members
- All the Notice Boards
- All HODs
- Office File

Principal
Vaageswari College of Engineering
KARIMNAGAR-505 527.

Principal
Vaageswari College of Engineering
KARIMNAGAR-505 527.

WORKSHOP CONTENT:

Increasing public awareness of the environmental impact of greenhouse emissions coupled with the development of efficient battery technology has pushed for the accelerating research and development activities in electric vehicles. This program will focus on need of power electronics for improving the performance of Electric Vehicles and Energy Storage System.

This FDP will also emphasis on recent advancement in charging infrastructures, battery/energy management approaches and motor drives of the electric vehicles

Overall, this FDP will serve as a platform to upgrade the knowledge of Power Electronic applications in electric vehicles and energy storage systems.

COURSE CONTENT:

- Automotive Power Electronics
- Fault Detection in Power Converters for Battery charging Systems
- Power Converter Design for Battery Charging and Battery Management System
- Design of Efficient and Reliable Electric Drives for EV
- Condition monitoring of propulsion motors used in EV
- Bidirectional Power Converters for V2G and G2V Applications

**FIVE-DAY FACULTY
DEVELOPMENT PROGRAM**

ON

**POWER ELECTRONIC APPLICATIONS IN
ELECTRIC VEHICLES AND ENERGY
STORAGE**

Organized by

**Department of Electrical and Electronics
Engineering**

**VAAGESWARI COLLEGE OF
ENGINEERING**

Karimnagar, Telangana-India

06th to 10th September, 2021

ABOUT THE INSTITUTE:

Established in 2003, Vaageswari Educational Society is one of the most prestigious society providing high quality professional education in Karimnagar district of Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The institution is awarded with Best Chapter of ISTE-AP Section.

VISION

Excellence in quality education by keeping pace with the rapidly changing technologies and to create a highly innovative and research oriented man power meeting the global standards in the field of Electrical and Electronics Engineering.

MISSION

To create an excellent academic environment where a strong theoretical knowledge and practical skills can be imparted. Further, the graduates will also be trained in interpersonal communication skills and teamwork along with an emphasis on ethics and morals for the sustainable development of the society.

PROGRAMS OFFERED:

The college offers B.Tech programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA and M.Tech in Computer Science and Engineering.

ABOUT THE DEPARTMENT:

Electrical & Electronics Engineering started in 2005. The Department is bestowed with highly qualified and experienced faculty out of which 2 have completed their Ph.D. The Department offers UG programme in EEE with an objective of imparting quality education in the Electrical and Electronics Engineering and one PG programme in Power Electronics. The Department has well equipped labs with latest simulation & design software. The Department is enriched with PE, PS Labs and R&D. The Department initiated power Club in 2005.

The department is actively engaged in research. The efforts are directed towards reorienting the laboratories to establish close relation with industry. The department has been organizing short term training programs, seminars, workshops, guest lectures by experts, technical & non-technical student fests regularly. The department is working for the improvement of Industry - Institute Interaction in terms of academics & research and also for the development of infrastructure to match the needs of the industry. The department is striving hard to attain & sustain as a centre of excellence in Electrical engineering education & research with a holistic approach.

The faculty strives to foster and encourage a teaching methodology that is both practical and theoretical in approach tuning to the requirements of the latest developments in research and industry in the field of Electrical and Electronics Engineering.

Further, the graduates will also be trained in interpersonal communication skills and teamwork along with an emphasis on ethics and morals for the sustainable development of the society.

INVITATION LETTER

To,
Mr.S. Gopal Reddy,
Associate Professor,
Department of Electrical and Electronics Engineering,
Jyothishmathi Institute of Technology and Science,
Singapur, Karimnagar - 505468.

Sub: Invitation to be a resource person for Five Day Faculty Development Program on “**Power Electronic Applications in Electric Vehicles and Energy Storage**”-regarding.

Dear Sir,

On behalf of Vaageswari College of Engineering, I cordially invite you to deliver a lecture on **Power Electronic Applications in Electric Vehicles and Energy Storage** which will be held from 6th to 10th September 2021. I would be thankful if you share your expertise on the topic with our faculty.

I will be eagerly looking forward to hear from you and hope that you would accept our invitation for the event.

acknowledged & accepted

Gopal

SPEAKER PROFILES

Dr. Ramesh Marpu, completed his Ph.D from Jawaharlal Nehru Technological University. Currently he is working as an Associate Professor at Vaageswari College of Engineering. His research interests include Advanced Power System and AI Techniques and FACTS.

Mr.S. Gopal Reddy, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Associate Professor at Jyothishmathi Institute of Technology and Science. His research interests include Control Systems and Design.

Dr. K. Ranjith Kumar, completed his Ph.d from Jawaharlal Nehru Technological University. Currently he is working as Professor at Jayamukhi Institute of Technological Sciences. His research interests include Power electronics, Simulation with MATLAB.

Mr.Mohammad Imran, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Assistant Professor at Vaageswari College of Engineering. His research interests include Electrical Power Systems.

ACTION TAKEN

The organizing committee has taken a decision to conduct the upcoming Faculty Development Programmes in a very effective and efficient manner. The committee also decided to invite speakers from very reputed organizations. It has been decided to make the programmes more of practical oriented and more focus is to be put on latest and emerging technologies which would make the staff members to be aware of the latest trending methods to deal with real time applications.

All the countries are looking to move their mobility base from using fuels to electricity. Green energy initiative has been as a policy in almost all the countries. So electric vehicles are going to be the substitute for fuel vehicles which also shall protect non renewable energy sources. The committee also decided to conduct more programmes related to electric vehicles.

Department of Electrical and Electronics Engineering
Five-Day Faculty Development Program on
**POWER ELECTRONIC APPLICATIONS IN
ELECTRIC VEHICLES AND ENERGY STORAGE**
(06/07/2021 to 10/07/2021)

REPORT

A five Day Faculty Development Program on “Power Electronic Applications in Electric Vehicles and Energy Storage” was organized by Department of Electrical and Electronics Engineering, Vaageswari college of Engineering from 06th to 10th September 2021 for the faculty of EEE Department. Several faculty members of the Department actively participated and gained useful information from all the sessions.

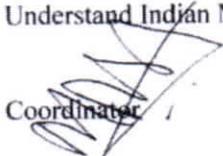

This Faculty Development Program (FDP) is devoted to Increasing public awareness of the environmental impact of greenhouse emissions coupled with the development of efficient battery technology has pushed for the accelerating research and development activities in electric vehicles. This program will focus on need of power electronics for improving the performance of Electric Vehicles and Energy Storage System.

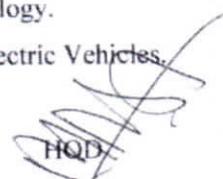

This FDP will also emphasis on recent advancement in charging infrastructures, battery/energy management approaches and motor drives of the electric vehicles.

Outcomes of the Faculty Development Program:

After Completion of FDP, the participants are able to

1. Understand the basics of electric vehicles, their architecture, technologies and fundamentals.
2. Analyze the use of different power electronic converters, Inverters and motors in electric vehicles.
3. Understand the use of different battery systems used for electric vehicles, their technologies and control and select appropriate technology.
4. Understand Indian Market policies on Electric Vehicles.

WORKSHOP CONTENT:

A Five-day Faculty Development Program is conducted from 13th to 17th September 2021 in order to develop professional skills in teaching for teaching faculty members. As a part of the five-day program the following points are focused by the speaker. Rapid development in technology integrated into our day-to-day lives, they affect the way students learn and teachers teach. Modern teachers need to be competent in not only Basic Skills but New Skills Sets.

- **What Is Problem Solving & Decision Making**
- **Categorize The Problems**
- **Barriers To The Solution To Problems**
- **Introduction To Critical Thinking**
- **Importance Of Critical Thinking**
- **Distinguish Between Fact And Opinion**
- **How To Influence Critical Thinking**
- **Concept Of Leadership**
- **Traits Of Effecting Leader**
- **Difference Between Leadership And Management**
- **Leadership Styles**
- **Strategies To Develop Effective Leadership**
- **Concept Of Team Work**
- **Developing Team Skills**
- **Understanding Responsibilities**
- **Group Discussion Skills**

ABOUT THE INSTITUTE:

Established in 2003, Vaageswari Educational Society is one of the most prestigious society providing high quality professional education in Karimnagar district of Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The institution is awarded with Best Chapter of ISTE AP Section.

VISION:

"To develop the Sree Vaageswari Educational Society into a center of excellence in imparting professional and technical education, to inculcate knowledge and power to the younger generation by providing high quality professional education on par with global standards and to instill high levels of discipline among student community making them ethically strong citizens capable of contributing to the development of society and mankind".

PROGRAMS OFFERED:

The college offers B.Tech programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA and M.Tech in Computer Science and Engineering.

ABOUT THE DEPARTMENT:

The Department of Humanities and Science was established in the year 2005. Our department provides an encouraging environment to develop the intellectual capacity, critical thinking, creativity, and problem solving ability of the students. It always keen to offer students an academic experience of thinking, learning, doing and extends support for aptitude training and communication skills to make students ready for modern job scenario and we organize Motivational and Personality Development classes by inviting eminent. The committed faculties in the department are well-known for their intellectual vitality, creativity and dedicate themselves to the highest levels of excellence in the cultivation of learning and the creation of knowledge across a broad spectrum of disciplines like English, Mathematics, Physics, Chemistry, and Environmental Sciences. ELCS plays a significant role in enhancing the skills of engineering students.

The infrastructural facilities provided in addition to the teacher resources to enhance the skills among the students at the foundation level of engineering first year sure to prepare them compatible for 'industry ready'. The Department of Physics for Newcomers Engineering is to prepare dynamic professionals for innovation and to awaken their hidden talents in basic sciences, with the resources required to be successful during the first year of engineering on the campus. The Chemistry department serves the purpose of imparting knowledge in the core science subject, along with innovative ideas to achieve their goals keeping concern about the present environmental needs which is a fundamental building block for most engineering disciplines. The faculty has contributed many research papers which are published in distinguished international and national conferences and journals.

ACTION TAKEN

The organizing committee has taken a decision to conduct the upcoming Faculty Development Programmes in a very effective and efficient manner. The committee also decided to invite speakers from very reputed organizations. It has been decided to make the programmes more of practical oriented and more focus is to be put on latest and emerging teaching methodologies which would make the staff members to be aware of the latest trending teaching methods. The committee decided to organize more programmes on new Pedagogic ways in teaching and learning.

A Five-Day Faculty Development Program
BODHANA-2021
(13/09/2021 to 17/09/2021)

REPORT

A five Day Faculty Development Program on "BODHANA-2021" was organized by Department of Humanities and Sciences, Vaageswari College of Engineering from 13th to 17th September 2021 for the faculty of all Departments. Several faculty members from various Departments actively participated and gained useful information from all the sessions.

The program is designed to enhance skills on how to solve problem and decision making.

The program provided an opportunity to acquire knowledge on concept of critical thinking, and leadership qualities. The program mainly focused on practical approach of how multiple skills are required for performing various tasks team work and group discussion.

Outcomes of the Faculty Development Program:

1. The participants gained hands-on experience of how to solve problems and decision making useful at the working place.
2. The participants also gained knowledge on critical thinking, and qualities of leadership skills.
3. The participants gained experience in techniques of controlling team and group discussion skills.

FDP CONTENT:

This FDP problematizes different facets of management education in India---pedagogy, curricula, and disciplinary and institutional practices---from the perspective of the Global South. The essays in this volume bring out the institutional challenges of crafting a relevant academic program that converses with both national specificities and global realities. Coming from diverse academic specializations, the contributors traverse the interface of their respective disciplines with management education.

In doing so, they engage with the ongoing global debate on management education. This volume fills a noticeable gap of serious, scholarly reflection on the state of management education. While there have been sporadic reflections and occasional critiques, a critical stocktaking of the institutional and disciplinary aspects of management education has been long wanting. This volume is of interest to scholars and practitioners of management education across the globe, and is likely to generate debate on its contemporary relevance and future trajectory.

**FIVE-DAY FACULTY
DEVELOPMENT PROGRAM
ON
CHANGING CONTOURS OF
MANAGEMENT EDUCATION**

Organized by:

Department of MBA

**VAAGESWARI COLLEGE OF
ENGINEERING**

Karimnagar, Telangana- India

22nd to 26th JUNE 2021

ABOUT THE INSTITUTE:

Established in 2003, Vaageswari Educational Society is one of the most prestigious society providing high quality professional education in Karimnagar district of Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), and Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The institution is awarded with Best Chapter of ISTE AP Section.

VISION:

"To develop the Sree Vaageswari Educational Society into a center of excellence in imparting professional and technical education, to inculcate knowledge and power to the younger generation by providing high quality professional education on par with global standards and to instill high levels of discipline among student community making them ethically strong citizens capable of contributing to the development of society and mankind".

PROGRAMS OFFERED:

The college offers B.Tech programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA and M.Tech in Computer Science and Engineering.

ABOUT THE DEPARTMENT:

The department of MBA was started in 2005 with an intake of 60 and in a short span of time the intake increased to 180.

The department comprises of well experienced and dedicated faculty with vast experience in teaching. The faculty members have been meticulously and judiciously picked up to impart quality education and inculcated all-round development in the Students. The department has well established labs with state of art hardware equipments and advanced software's.

The Department's main objective is not only make the students excel in theory but also in experimental research through academic projects in various fields. The Department regularly organizes several programs such as workshops, guest lectures, seminars etc. to impart state of art knowledge in different technologies to the students as well as faculty members. Department is dedicated to advancing, disseminating and exploiting knowledge in engineering and technology. The department offers a Two-year course a Master's degree in MBA. All employees can reach students for any of their problems, whether academic or non-academic. The department aims to technically develop students and make them mentally strong to meet future challenges. The department also seeks to provide its students with excellent educational and educational opportunities in the field of Business Management, thus providing a lasting technical basis in an environment of rapid technical change. In the process, it enables and promotes their professional growth through contact with best professional practices. Consequently, the administration is trying to play the role of resources and technical leadership in development activities at the national level.

ACTION TAKEN

The organizing committee has taken a decision to conduct the upcoming Faculty Development Programmes in a very effective and efficient manner. The committee also decided to invite speakers from very reputed organizations. It has been decided to make the programmes more of practical oriented and more focus is to be put on latest and emerging teaching methodologies which would make the staff members to be aware of the latest trending teaching methods pertaining to Management and Business administration. The committee decided to organize more programmes on new analytic methods in teaching Business Administration and Management of resources and manpower.

Department of MBA

Five-Day Faculty Development Program on

CHANGING CONTOURS OF MANAGEMENT EDUCATION

(22/06/2021 to 27/06/2021)

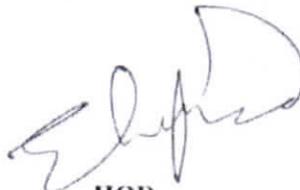

REPORT

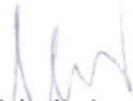

A five Day Faculty Development Program on “CHANGING CONTOURS OF MANAGEMENT EDUCATION” was organized by Department of MBA, Vaageswari college of Engineering from 22nd to 26th June 2021 for the faculty of MBA Department. Several faculty members of the college actively participated and gained useful information from all the sessions. The program provided an opportunity to acquire knowledge about current technological developments in the field of Management Education. The program mainly focused on Research in Management Education, Innovation in financing, Technological change in face of Marketing and HR

Outcomes of the Faculty Development Program:

1. The participants gained Experience Industry and Academic Collaboration. Interactions between academia and industry are mainly unidirectional less prone to relational learning. The main barriers are related to lack of financial support, low interest of companies, and absence of interaction platform
2. The participants also gained knowledge capital structure of corporations, the actions that managers take to increase the value of the firm to the shareholders, and the tools and analysis used to allocate financial resources.
3. Technological changing face like, AI technology used by HR professionals can allow programs to identify patterns in data and even make decisions based on the data presented, thus improving the productivity of the HR team. This also increases the response time when issues arise in the workforce, which in turn can improve employee satisfaction.
4. Technology has transformed marketing by making campaigns more personalized and immersive for people and creating ecosystems that are more integrated and targeted for marketers.

About Vaageswari College of Engineering

Sree Vaageswari Educational Society was established by eminent and educated personalities in the name of Goddess Saraswathi Devi in the year 2003 under the leadership of Dr. G. Sreenivas Reddy Garu, General Secretary & Correspondent who is a Doctor in Ayurveda and a dedicated missionary and crusader in the field of education, he is the spirit and force behind this reputed organization. The society was established with a vision to produce professionals having scientific intellect, innovation and imagination. The Institution provides currently 4 Diploma, 5 UG, 7PG programs. The Best of assistance in academic field and guides the students in a right path to reach the summit of their professional careers.

Vaageswari College of Engineering impart goal oriented, quality based and value added education with state-of-the-art technical resources. Over the years, it has evolved as a symbol of quality education. The determination and dedicated efforts of college in the interest of the students to compete with the best in the outside world have enabled us to shine forth as the torchbearer for quality education today. The Institution keep pace with the world's major strides in technology, development and hence set a benchmark in every pedagogical standard.

The Vaageswari College of Engineering is located in the suburbs of Karimnagar town, on Rajiv Rahadari Highway towards Hyderabad. Situated in eco friendly campus with lush green lawns, lovely landscape, aesthetic architecture and avant-garde infrastructure, The College epitomize an exemplary setting for scientific education and higher learning.

About the Department

Mechanical department was established in 2012. The Department offers Diploma. Under Graduate and Post Graduate programs. The department has well experienced faculty, good infrastructural facilities and has full-fledged laboratories equipped with adequate hardware and software. Mechanical engineering is a discipline of engineering that applies the principles of physics and materials science for analysis, design, manufacturing, and maintenance of mechanical systems. It is the branch of engineering that involves the production and usage of heat and mechanical power for the design, production, and operation of machines and tools. It is one of the outstanding broadest engineering disciplines.

THEME OF THE WORKSHOP

The aim of the present chapter is to analyse the decision support processes towards energy efficiency and improvement of the environmental quality in buildings. The main criteria in the decision analysis of buildings are categorized. The decision alternatives which may formulate specific actions, or group of actions (strategies) for buildings' sustainability are analysed. The decision methodologies presented are separated to online (based on real-time operation of buildings) and offline decision approaches. Both approaches are supported by simulation, multi-objective programming optimization techniques, multi-criteria decision analysis techniques and their combinations in order to reach optimum solution. Rank alternatives or provide trade-offs between the criteria. The advantages and drawbacks of the various methods are discussed and analysed.

SPEAKER PROFILES

Dr. Parvesh Kumar, completed his Ph.D from Jawaharlal Nehru Technological University. Currently he is working as Professor in Department of Mechanical Engineering at Vaagdevi College of Engineering. His research interests include Industrial Management.

Dr. P. Srinivasulu, completed his Ph.D from Jawaharlal Nehru Technological University. Currently he is working as Professor and HOD, Department of Mechanical Engineering at Vaagdevi College of Engineering. His research interests include Design Engineering.

Mr. J. Vijay Kumar, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Associate Professor at Vaageswari College of Engineering. His research interests include Production Engineering.

Mr. N. Srinivas, completed his M.S from Blekenzie Institute of Technology, Sweeden. Currently he is working as an Associate Professor at Vaageswari College of Engineering. His research interests include Vibration Model Analysis.

Mr. G. Tirupathi Reddy, completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Assistant Professor at Vaageswari College of Engineering. His research interests Thermal Engineering.

ACTION TAKEN

The organizing committee has taken a decision to conduct the upcoming Faculty Development Programmes in a very effective and efficient manner. The committee also decided to invite speakers from very reputed organizations. It has been decided to make the programmes more of practical oriented and more focus is to be put on latest and emerging methodologies which would make the staff members to be aware of the latest Energy conservation methodologies and issues which arise. The committee decided to organize more programmes on conserving energy in Mechanical Engineering.

A FIVE-DAY FACULTY DEVELOPMENT PROGRAM
ENERGY CONSERVATION AND MANAGEMENT ISSUES AND
METHODOLOGIES
14th April to 18th April 2021

REPORT

5 Day Faculty Development Programme on "Energy conversation and management issues and methodologies " was organized by MECH Department, Vaageswari college of Engineering from 14th to 18th April 2021 from the faculty of MECH Department. Around 23 faculty members of the Department actively participated and gained useful information from all the sessions.

The programme is by using the Energy conversation and management issues and methodologies of the participants, to make them aware about modern materials tools and methodologies. It provides an opportunity to acquire knowledge about current technological developments in relevant fields. The programme mainly focuses on Energy conversation and management issues and methodologies and the different types of materials approaches with primary concern and motivation for application development

TECHNICAL SESSIONS:

- Introduction to Energy conversation and management issues and methodologies
- Methods and Importance of Environmental Conservation
- Review of energy storage services, applications, limitations
- Guide to Communication Research Methodologies
- Ways to conserve energy

Subject: Request Proposal to Conduct Five day FDP on “**River basin management for sustainable management**”-Reg.

Respected Sir,

In Accordance to Subject cited above I, Head of the Department of Civil Engineering here with request with this letter to permit us to conduct a Five day Faculty Development Program on “**River basin management for sustainable management**” during **05-12-2020 to 09-12-2020**. I also request you to provide all the required facilities.

Thanking You,

Yours Sincerely

HOD-Civil Engg.

About the Institute

The society was established by an eminent and educated personalities in the name of Goddess Saraswathi Devi, Sree Vaageswari Educational Society during the year 2003 under the leadership of General Secretary Dr. G. Sreenivas Reddy Garu, who is a doctor in Ayurveda and a dedicated missionary and crusader in the field of education, is the spirit and force behind this reputed organization. The society was established with a crystal vision to produce professionals having scientific intellect, innovation and imagination.

Department of Civil Engineering

The Department Of Civil Engineering at Vaageswari College of Engineering is producing high quality technical manpower needed to Industry, R&D organizations, and academic institutions since 2013 with an intake of 60. The Intake has been increased to 120 in the year 2014.

Department Vision

Vision is to become school of excellence that brings out civil engineers with technical competencies and promotes high-end research to meet the current and future challenges. To establish an outstanding centre of regional for providing a quality engineering education to the students from the rural area, excellent research and services to the professional and the community, to produce quality, employee principles of continual quality to Improvement enhance its program and faculty.

Principal
Vaageswari College of Engineering
KARIMNAGAR-505 527.

Principal
Vaageswari College of Engineering
KARIMNAGAR-505 527.

Department Mission

Striving to be centre of excellence in civil engineering education to provide students the latest learning techniques and a complete knowledgebase for sustainable development of society. To be an outstanding devoted to provide high end research and technical education which will produce socially aware professionals to provide solutions to global community. Provide value based technical education and empower the students to become competent professionals, preparing them for entry-level positions in department, life-long learning, and societal leadership. Allied with both the school of engineering and the college's mission. The department is dedicated to provide a dynamic learning environment that emphasizes open ended design, problem-solving skills, team work, communication, and leadership skills.

About the FDP

Faculty Development programmes on "River basin management for sustainable management" by Eminent Persons from our college and develop novel solutions to the challenges happening across the world in various streams of civil and Environmental Engineering. This programme helps all the Professionals to tackle the present trends and develop new innovates methodologies to meet the approaching Challenges.

Expected Outcome

1. To bring awareness in River basin management for sustainable management.
2. To predict changing trends in civil and Water resource and environment engineering

Participants

All faculty members of Dept. of Civil Engineering, Vaageswari College of Engineering.

No Registration Fee

Interested candidates can contact HOD, Dept. Civil Engineering

REGISTRATION FORM

"River basin management for sustainable management"
from 5th Dec' 2020 to 9th Dec' 2020

Please fill this form and send it to us by email to vgse.ctivilhod@gmail.com before 3rd Dec 2020

INVITATION LETTER

To,
Mr. P. Praveen Chary,
Assistant Professor,
Department of Civil Engineering,
Kamala Institute of Technology & Science,
Huzurabad, Karimnagar-505468.

Sub: Invitation to be a resource person for five day Faculty Development Program on “**River basin management for sustainable management**” -regarding.

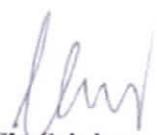

Dear Sir,

On behalf of Vaageswari College of Engineering, I cordially invite you to deliver a lecture on **River basin management for sustainable management** which will be held from 05th to 09th December 2020. I would be thankful if you share your expertise on the topic with our faculty.

I will be eagerly looking forward to hear from you and hope that you would accept our invitation for the event.

Accepted & Acknowledged

SPEAKER PROFILES

Mr.P. Praveen Chary, Assistant Professor

Mr.P. Praveen Chary completed his M.Tech from Jawaharlal Nehru Technological University, Hyderabad. Currently he is working as an Assistant Professor at Kamala Institute of Technology & Science. His research interests include Earthquake Resistant Design of Reinforced Concrete Structures.

Mr.P. Sudheer Kumar, Assistant Professor

Mr.P. Sudheer Kumar completed his M.Tech from Jawaharlal Nehru Technological University, Hyderabad. Currently he is working as an Assistant Professor at Balaji Institute of Technology & Science. His research interests include Structural Engineering.

Mr.V.Amarender Reddy, Assistant Professor

Mr.V.Amarender Reddy completed his M.Tech from Kakatiya University. Currently he is working as an Assistant Professor at KU College of Engineering, Kakatiya University. His research interests include Reinforced Concrete Structures.

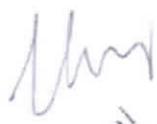

Mr.B.Ganesh, Assistant Professor

Mr.B.Ganesh completed his M.Tech from Jawaharlal Nehru Technological University. Currently he is working as an Assistant Professor at KU College of Engineering, Kakatiya University. His research interests include Advanced Concrete Technology.

Ms.P. Amaravathi, Assistant Professor

Ms.P. Amaravathi completed her M.Tech from Jawaharlal Nehru Technological University. Currently she is working as an Assistant Professor at Vaageswari College of Engineering. Her research of interests includes Concrete Technology.

Department of Civil Engineering
A Five-Day Faculty Development Program
RIVER BASIN MANAGEMENT FOR SUSTAINABLE MANAGEMENT
(5th to 9th December 2020)

REPORT

A Five Day Faculty Development Program on **River Basin Management for Sustainable Management**™ was organized by Department of Civil Engineering, for the Faculty of Civil in Vaageswari college of Engineering from **5th December 2020 to 9th December 2020**. Most of the Faculty members of the Department have been actively participated and gained useful information from all the sessions.

The program is designed to Latest Technologies which are used in the Field of Civil Engineering. The program had provided an opportunity to acquire knowledge about current technological developments in the field of Latest Innovations and Design. The program mainly focused on **River basin management for sustainable management** in the civil construction management area, concrete usage etc.

Outcomes of the Faculty Development Program:

1. The participants gained knowledge about river basin management.
2. The participants also gained knowledge on climate changes and sustainable management.
3. River basin management for sustainable management at different climatic weather conditions.

Education:

Ph.D. Computer Science, University of Hyderabad, India, 2009
M.Tech. Computer Science & Engineering, Osmania University, India, 1994
B.Tech. Mechanical Engineering, Kakatiya University, India, 1991
AMIE Computer Engineering, Institution of Engineers India, 2001

Academic Experience:

Academic Appointments - Majmaah University, Saudi Arabia

08/2015 – till date Assistant Professor College of Computer and Information Sciences

Academic Appointments -Jayamukhi Institute of Technological Sciences, India

05/2007 – 07/2015 Professor & Head Computer Science & Engineering

Academic Appointments -Kakatiyai Institute of Technology & Science, India

07/2005 - 05/2007 Assistant Professor & Head Information Technology

05/2001 - 07/2005 Assistant Professor Computer Science & Engineering

09/1996 - 05/2001 Lecturer Computer Science & Engineering

Academic Appointments - Alluri Institute of Management Sciences, India

09/1995 - 09/1996 Lecturer Computer Applications

Academic Appointments - Kakatiya University, India

04/1995 - 09/1995 Lecturer Computer Applications

Certifications:

- IBM DB2 9.7
- IBM Rational Application Developer for Websphere v 6.0
- IBM Lotus Notes and Domino 8.0
- PHP Fundamentals from IIT, Bombay
- Python Fundamentals from IIT, Bombay

Current Membership in Professional Organizations:

Member of ACM, Member of IEEE, Senior Member of IACSIT, Singapore

Grants received:

- UGC travel grant of Rs.56,824/- for presenting a paper at EuroPLoP-2005, Germany
- AICTE Grant of Rs.15,00,000 under MODROBS for establishing “Sensor Laboratory”
- AICTE Grant of Rs.7,00,000 to conduct Staff Development Programme on “Web Technologies”
- AICTE Grant of Rs.10,00,000 for Research Proposal Scheme on “RFID Applications for Real World Problems”
- AICTE Grant of Rs.2,00,000 for conducting International Conference on “Cloud

Computing”

Books Authored:

Principles of Programming Languages, Hi-tech publications

Honors & Awards:

- University 2nd Rank in B.Tech.
- Received IBM Best Faculty Mentor Award for TGMC 2013 Contest

CIRCULAR

Date: 01-06-2020

It is hereby informed to **Department of Electrical and Electronics Engineering** that a One-Week Faculty Development Program will be held on “**Emerging Trends and Challenges in Electrical Engineering**” from 22nd to 26th June 2020. All the teaching and non-teaching members should avail this opportunity to upgrade the technical skills.

Hence, all teaching and non-teaching members should attend the above FDP program without fail.

PRINCIPAL

WORKSHOP CONTENT:

The electrical utility industry is probably the largest and most complex industry in the world and hence very complex and challenging problems are to be handled by electrical engineering particularly in designing future electrical system to deliver increasing amounts of electrical energy. This calls for perfect understanding, analysis and decision making of the system. Power system operation and its control play a very important task in the world of Electrical Power Engineering.

This programme is specially designed for the faculty members in order to further enlighten their understanding of electrical power system. This programme would enable participants to develop concepts and understand the emerging trends and challenges in electrical system. This programme will also motivate faculty members to pursue research & innovation in the area. The FDP is aimed to provide a blend of in depth knowledge of electrical system and scope of research in the area, to enhance the class delivery of the faculty members attending this FDP.

COURSE CONTENT:

- Introduction to Research Areas in Power Systems.
- Renewable Sources and Microgrid
- Applications to Wireless Charging System in Electric Vehicles
- Advances in Multilevel Inverters.
- Battery Charging of Grid-Interfaced Solar PV System for Electric Vehicles.
- Single-Stage Photovoltaic (PV) Source Fed Induction Motor Drive for Water Pumping Applications.

Karimnagar, Telangana- India

22nd to 26th June, 2020

ABOUT THE INSTITUTE:

Established in 2003, Vaageswari Educational Society is one of the most prestigious society providing high quality professional education in Karimnagar district of Telangana. The society is running multiple educational institutions like Vaageswari College of Engineering (2005), Pharmacy (2003), Pharmaceutical Sciences (2007), Management Sciences (2008). The society was established with a great vision to provide quality education on par with global standards to the students from all over India in general and in particular those from local and rural areas. Society is maintaining high standards so as to make them technically competent and ethically strong individuals who shall be able to improve the quality of life and become an asset to the economy of our country. The Society not only celebrates freedom of thought, cultivates vision and encourages growth, but also inculcates human values and concern for the environment and the society. The Institution is awarded with Best Chapter of ISTE AP Section.

VISION

Excellence in quality education by keeping pace with the rapidly changing technologies and to create a highly innovative and research oriented man power meeting the global standards in the field of Electrical and Electronics Engineering.

MISSION

To create an excellent academic environment where a strong theoretical knowledge and practical skills can be imparted. Further, the graduates will also be trained in interpersonal communication skills and teamwork along with an emphasis on ethics and morals for the sustainable development of the society.

PROGRAMS OFFERED:

The college offers B.Tech programmes in CSE, EEE, ECE, Civil and Mechanical Engineering. The college also offers MCA and M.Tech in Computer Science and Engineering.

ABOUT THE DEPARTMENT:

Electrical & Electronics Engineering started in 2005. The Department is bestowed with highly qualified and experienced faculty out of which 2 have completed their Ph.D. The Department offers UG programme in EEE with an objective of imparting quality education in the Electrical and Electronics Engineering and one PG programme in Power Electronics. The Department has well equipped labs with latest simulation & design software. The Department is enriched with PE, PS Labs and R&D. The Department initiated power Club in 2005.

The department is actively engaged in research. The efforts are directed towards reorienting the laboratories to establish close relation with industry. The department has been organizing short term training programs, seminars, workshops, guest lectures by experts, technical & non-technical student fests regularly. The department is working for the improvement of Industry - Institute Interaction in terms of academics & research and also for the development of infrastructure to match the needs of the industry. The department is striving hard to attain & sustain as a centre of excellence in Electrical engineering education & research with a holistic approach.

The faculty strives to foster and encourage a teaching methodology that is both practical and theoretical in approach tuning to the requirements of the latest developments in research and industry in the field of Electrical and Electronics Engineering.

Further, the graduates will also be trained in interpersonal communication skills and teamwork along with an emphasis on ethics and morals for the sustainable development of the society.

Department of Electronics and Communication Engineering
One Week Faculty Development Program on
EMERGING TRENDS AND CHALLENGES IN ELECTRICAL ENGINEERING

(22/06/2020 to 26/06/2020)

SCHEDULE

Date	Afternoon Session (04.00PM-06.00 PM)	Resource Person
22-06-2020	Introduction to Research Areas in Power Systems.	Dr. I Satish Kumar Assistant Professor, Electrical Engineering Department, NIT Warangal.
23-06-2020	Renewable Sources and Microgrid.	Dr. Santhosha Kumara Assistant Professor, Dept. of Electrical Engineering, Central University of Karnataka.
24-06-2020	Applications to Wireless Charging System in Electric Vehicles.	Dr. Phaneendra Babu Bobba Professor Department of Electrical Engineering GRIET, Hyderabad.
25-06-2020	Advances in Multilevel Inverters.	Dr. Satish Kumar Peddapelli Associate Professor, Department of Electrical Engineering University College of Engineering, Osmania University.
26-06-2020	Battery Charging of Grid-Interfaced Solar PV System for Electric Vehicles	Dr. V. Rajagopal Professor, Department of Electrical Engineering Kakatiya Institute of Technology and Science Warangal.

INVITATION LETTER

To,
Dr. I. Satish Kumar,
Assistant Professor,
Department of Electrical and Electronics Engineering,
National Institute of Technology,
Warangal - 506004.

Sub: Invitation to be a resource person for one week Faculty Development Program on
“**Emerging Trends and Challenges in Electrical Engineering**”-regarding.

Dear Sir,

On behalf of Vaageswari College of Engineering, I cordially invite you to deliver a lecture on **Emerging Trends and Challenges in Electrical Engineering** which will be held from 22nd to 26th June 2020. I would be thankful if you share your expertise on the topic with our faculty.

I will be eagerly looking forward to hear from you and hope that you would accept our invitation for the event.

Acknowledged & Accepted

SPEAKER PROFILES

Dr. I. Satish Kumar, working as Assistant Professor in the National Institute of Technology, Warangal in the Department of Electrical Engineering. He completed Ph.D in Electrical Power Systems. His research interests include the small signal stability of AC Micro Grids; Soft Computing applications to Power Systems, Electric Drives.

Dr. Santhosha Kumar working as Assistant Professor in the Central University of Karnataka, in the Department of Electrical Engineering. He completed Ph.D From Department of Electrical and Electronics Engineering, National Institute of Technology, Karnataka (NITK). His research interests include Renewable Energy sources, Power System and Microgrid.

Dr. Phaneendra Babu Bobba, working as Professor and Head, Electrical and Electronics Engineering Department, GRIET, Hyderabad. He completed his Ph.D from Indian Institute of Technology, Delhi. His research interests include Wireless power transfer in electric vehicles.

Dr. Satish Kumar Peddapelli, completed his Ph.D from Jawaharlal Nehru Technological University. Currently he is working as Professor at University College of Engineering. His research interests include Power Electronics, Drives, Power Converters, Multi-level Inverters and Renewable Energy.

Dr. V. Rajagopal, completed his Ph.D from Indian Institute of Technology Delhi. Currently he is working as an Professor at Kakatiya Institute of Technology and Science, Warangal. His research interests include Isolated Wind power generation, Maximum Power Point Techniques for Solar PV.

ACTION TAKEN

The organizing committee has taken a decision to conduct the upcoming Faculty Development Programmes in a very effective and efficient manner. The committee also decided to invite speakers from very reputed organizations. It has been decided to make the programmes more of practical oriented and more focus is to be put on latest and emerging methodologies which would make the staff members to be aware of the latest trending methods pertaining to latest electrical advancements like Renewable energy sources to produce electricity and electric vehicles. The committee decided to organize more programmes on new emerging trends in electrical engineering.

One-Week Faculty Development Program on
**EMERGING TRENDS AND CHALLENGES IN ELECTRICAL
ENGINEERING**

(22/06/2020 to 26/06/2020)

REPORT

A One - Week Faculty Development Program on “**Emerging Trends and Challenges in Electrical Engineering**” was organized by Department of Electrical and Electronics Engineering, Vaageswari college of Engineering from 22nd to 27th June 2020 for the faculty of EEE Department. Several faculty members of the Department actively participated and gained useful information from all the sessions.

The electrical utility industry is probably the largest and most complex industry in the world and hence very complex and challenging problems are to be handled by electrical engineering particularly in designing future electrical system to deliver increasing amounts of electrical energy. This calls for perfect understanding, analysis and decision making of the system. Power system operation and its control play a very important task in the world of Electrical Power Engineering.

This program is specially designed for the faculty members in order to further enlighten their understanding of electrical power system. This program would enable participants to develop concepts and understand the emerging trends and challenges in electrical system. This program will also motivate faculty members to pursue research & innovation in the area. The FDP is aimed to provide a blend of in depth knowledge of electrical system and scope of research in the area, to enhance the class delivery of the faculty members attending this FDP.

Outcomes of the Faculty Development Program:

After Completion of FDP, the participants are able to

1. Understand the basics of Renewable Sources and Microgrid.
2. Understand the Applications to Wireless Charging System in Electric Vehicles.
3. Understand Battery Charging of Grid-Interfaced Solar PV System for Electric Vehicles.
4. Understand Single-Stage Photovoltaic(PV) Source Fed Induction Motor Drive for Water Pumping Applications
