RESOLUTIONS OF THE MEETING:

Agenda Item No.1: To instigate discussion on Vision and Mission of the college

The Chairman and members set in motion the discussion regarding Vision and Mission of the Institute. Members shared their views regarding diverse variety of local perspectives. Members also discussed strategies and fundamental outcomes that would enhance reputation of institute. The committee finalized the vision and mission of the institute.

Agenda Item No. 2: Infrastructure Development

The principal and member secretary briefed that the college has well established Laboratories with the required equipment and apparatus as prescribed to the curriculum. The Laboratories of the UG Programme's have been updated to meet the practical sessions of the PG programmes. We have correspondingly increased all the other requirements of Laboratories and other amenities. The members have taken note of the same. The committee decided to grant funds to improve infrastructural facilities.

Agenda Item No. 3: Procurement of ERP (Enterprise Resource Planning) Software.

The principal and member secretary briefed the importance of ERP Software to all the committee members. The members have considered the request and gave willingness to procure the ERP Software.

Dr.G.Sreenivas Reddy,

ERP (Enterprise Resource Planning) Document

e-governance implementation:

College Management Software helps higher education institutions to achieve their mission and goals, increase student enrolment, and streamline administration. It is a great tool for colleges and higher education institutions to manage all of their records, provide outstanding learning experiences to students, increase operational effectiveness, and reduce expenses. It's available on the web and on mobile devices. Engineering college management system is extremely adjustable, customizable, scalable, and versatile, ensuring that college administrators receive accurate administration and academic reports for better decision-making. It is more efficient and effective for administration, instructors, and students, and it improves communication among them.

Features:

1. Pre-Registration

- Manage all enquiries & registration using online forms
- Capture personal, contact and course details of students
- Real-time status updates & follow-up with automatic reminders
- Track enquiries & enroll more students with dashboards & reports

2. Admission

- College admission management software enable students to submit online application forms for easy admission
- Define multiple stages for step by step admission process
- Student admission based on entrance examination & ranking system
- Offer installment plans for individual students applying for courses
- Automatically notify students & parents via email, SMS alerts & push messages
- Auto-generate admission forms, letters & templates

3. Counseling Management

- Auto-assign admission inquiries to counselor for admission processing
- Access information on admission criteria of the college
- Configure rules for providing fee discounts to specific applicants
- Manage seats for admission to courses under Government & Management quota

(Approved by AICTE New Delhi & Recognised by the Govt. of Telangana State)

4. Courses & Batches

- Manage lesson plan and courses in multiple batches
- Manage multiple class schedules for different time periods without conflicts
- Create multiple batches for each course with start & end dates to enroll students
- Track course progress & student performance in real-time

5. Student Information System

- Centrally store demographic and enrolment data of students in one place using college management software
- Send email and information alerts to students
- Schedule meetings and discussions with students
- Track learning progress and provide guidance

6. Timetable Scheduling

- Auto-generate timetables for different time periods to avoid conflicts
- Create timetables for various courses based on availability of faculty & classrooms
- Analyze faculty workload for various programs & subjects
- Classroom-wise timetable setting

7. Attendance & Leaves

- Mark & track attendance records of students & staff from web & mobile devices
- Automate attendance system with Biometric integration
- Generate attendance & leave reports based on program/class/course
- Configure leave types
- Online leave application with automated leave processing

8. Examination & Report Card

- Create online examinations & tests for various subjects
- Automatic calculation of marks based on Weightage
- Generate mark sheet & report card with approval workflows
- Enable automated grading & report card generation
- Manage declaration of results for students & parents
