To  
The principal,  
Vaageswari college of Engineering,  
Karimnagar.

Respected sir,

**Sub:** Requisition to conduct Add-on/certification program on "A Practical Approach on GST" for II year II sem Students from 15<sup>th</sup> April 2023 to 24<sup>th</sup> April 2023-reg.

The introduction of GST in India is a significant step towards the reform of indirect taxation. Combining several state and central taxes into a single tax has overcome the issue of double taxation and led to the establishment of a common national market. From the consumers' point of view, the advantage is in terms of a reduction in the overall tax burden on the goods and services. Successful implementation of GST also helps in giving a strong signal to foreign investors about India's unmatched ability to support businesses in different fields. With more transparency and efficient compliance, GST has boosted India's GDP and further helped in cheaper and faster movement of goods within the country with a uniform taxation structure. Furthermore, GST has also led to a reduction in prices as manufacturers and traders now don't need to include taxes as a part of their cost of production.

After the completion of the Programme, Students will be able to acquire knowledge on indirect taxes, GST and Customs Duty. Understand the impact of latest regulations and prepare for adopting the changes.

To enable the students to acquire knowledge about GST and its appeals. To enable the students to apply their knowledge about Procedure for GSTIN and their registration is essential for them.

In this connection, I request you to grant permission to conduct the above said program. Hoping you early response for this approval.

Thanking you sir.

### REPORT

**Date:** 27/04/2023

**Academic year:** 2022-2023

**Class and semester:** MBA II year II Sem, I year II sem

**Title:** "A Practical Approach on GST"

**Duration:** 30 Hours (3 Hrs per Day) during 15-04-2023 to 24-04-2023.

**Number of students completed the add on program:** 232

#### Summary Report of the program with outcome:

This Add on Course provided an opportunity for the students to learn the basic of Taxation rules for business.

The introduction of GST in India is a significant step towards the reform of indirect taxation. Combining several state and central taxes into a single tax has overcome the issue of double taxation and led to the establishment of a common national market. From the consumers' point of view, the advantage is in terms of a reduction in the overall tax burden on the goods and services. Successful implementation of GST also helps in giving a strong signal to foreign investors about India's unmatched ability to support businesses in different fields. With more transparency and efficient compliance, GST has boosted India's GDP and further helped in cheaper and faster movement of goods within the country with a uniform taxation structure. Furthermore, GST has also led to a reduction in prices as manufacturers and traders now don't need to include taxes as a part of their cost of production.

After the completion of the Programme, Students will be able to acquire knowledge on indirect taxes, GST and Customs Duty. Understand the impact of latest regulations and prepare for adopting the changes.

To enable the students to acquire knowledge about GST and its appeals. To enable the students to apply their knowledge about Procedure for GSTIN and their registration is essential for them.
